Peachers Mill Planning Area - This area is a combination of mature and newly platted subdivisions, primarily single family in nature. The construction of the 101st Parkway has had an impact here as it vastly improved the linkage between US 41 A and US 79. Even though the Parkway has limited access, it is creating pressure for commercial nodes at its intersections with local roads.

**STAFF RECOMMENDATION:**     **DISAPPROVAL**

1. The proposed zoning request is inconsistent with the adopted Land Use Plan.
2. The potential for development with this tract exists with the present R-1 Single Family Zoning classification.

**Subject:** Zoning objection

Dear Mr. Spainhoward:

It looks like online March 23, 2021, a zoning hearing will be held for a property located at Cedar and Reynolds, requesting a change from R-3 to R-6.

The zoning number request is Z-14-2021 and is requested by the Frank Wooten Estate.

**I would like to formally attend the hearing to object to the zoning request.**

- I own property very close to this location at 1226 Cedar Street.
- This is a residential area with single-family homes. Even at the current zoning, R-3, it would be very crowded to build more than two homes.
- Changing the zoning to R-6 is absolutely a destructive impact to the neighborhood. The property is not large enough to build R-6.
- The character of the neighborhood is single-family homes, not row houses on top of one another.
- Building too many houses on a small lot causes issues for the neighboring properties for water drainage which causes major issues in Clarksville.
- The lot is too narrow to be zoned R-6 and build 6 houses
- Zoning R-6 and building 6 more houses will cause excessive traffic for the children and car traffic
- We own a property on Williams Lane where the zoning just changed and Luke Baggett built 6 homes on a very small lot. We have now

experienced the change in the traffic flow which is dramatic. We do not want to see this done again by our other property on Cedar.

Please let me know how I can attend the zoning meeting to formally object to this rezoning request or the video meeting if I can not attend in person.

Please make this letter part of the zoning file for the hearing.

Peachers Mill Planning Area - This area is a combination of mature and newly platted subdivisions, primarily single family in nature. The construction of the 101st Parkway has had an impact here as it vastly improved the linkage between US 41 A and US 79. Even though the Parkway has limited access, it is creating pressure for commercial nodes at its intersections with local roads.

**STAFF RECOMMENDATION:**    **APPROVAL**

1. The proposed zoning request is consistent with the adopted Land Use Plan.
2. The R-4 Multi-family Residential zoning classification is not out of character with the surrounding area or established uses.
3. The property is encumbered by steep varying topography which limits full development potential.
4. Adequate infrastructure serves the site & no adverse environmental issues have been identified relative to this request.
