# 2020+ TRANSPORTATION STRATEGY

PRIORITY DECISIONS FOR TODAY, TOMORROW AND BEYOND

TRANSPORTATION 2020+

## INTRODUCTION

It is no secret, the greater Clarksville area is growing fast. We all agree that traffic congestion is getting worse. More people, more vehicles, and more construction make any trip through the community a potentially difficult journey.

Finding the right solutions is critical to our quality of life. But what are the right solutions? What is the right mix of investments that will address your personal challenges with transportation? What are you willing to contribute in order to see a significant improvement?

Even though the COVID-19 public health emergency interrupted the transportation planning process, now is the time to keep moving forward with our transportation solutions.

Mayor Joe Pitts, the City Council, and leaders of the Clarksville Street Department, Clarksville Transit System, Clarksville Parks & Recreation, Clarksville Finance & Revenue, the City Communications office the Regional Planning Commission, and our Metropolitan Planning Organization have gathered over the past several months to study Clarksville's priority transportation needs and develop a strategy for action.

Since many of Clarksville's major thoroughfares are state highways, the planning group has worked closely with Tennessee Department of Transportation officials to understand where, how, and when State Routes will be improved.

## DATA & TRENDS

Between 2020 and 2040, the Clarksville area is expected to swell by 40 percent.

**90,455**  
NEW RESIDENTS

**298,919**  
PROJECTED TOTAL  
POPULATION

If our road network and transportation infrastructure is not expanded and improved, this undoubtedly will create more volume on area roadways, longer travel times, and an increase in the amount of miles traveled in congested conditions.

Transportation investments play a critical role in determining the health and character of a community, the interaction of people and land uses, and the economic performance of our City.

This 2020+ Transportation Strategy affirms the City's commitment to developing and maintaining its multimodal transportation system with a focus on mobility, safety and equity. This plan will function as a transparent road map for future transportation investments.

# THE PLAN

TRANSPORTATION 2020+

## ABOUT

The 2020+ Transportation Strategy is a strategic document designed to guide transportation decisions within the fiscal constraints of the City's budget and limited state and federal funding opportunities. The plan

also estimates the costs associated with priority improvements, and clearly outlines options to fund the plan's goals.

**"The Transportation 2020+ Strategy was prepared to set our street and road priorities for the near future. We need a roadmap that we commit to follow, in broad terms, even as we move through elections and personnel changes. Otherwise, we'll never get where we need to go."**

**Mayor Joe Pitts**

# CLARKSVILLE'S TRANSPORTATION VISION

TRANSPORTATION 2020+

Clarksville's transportation network enhances the City's unique character by safely interconnecting our residents, employees and visitors to open spaces, neighborhoods, jobs, downtown and the region through investments that improve roadway capacity, and are walkable, bikeable, transit supportive and sustainable.

The transportation vision is informed by the City's identified mobility challenges:

1. Regional Transportation and Community Quality of Life
2. Community Connectivity, Comfort and Safety
3. Transit Convenience

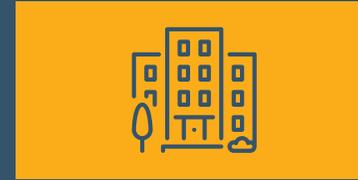

The vision is supported by a set of three broad community values that help shape and steer the plan's implementation. These core values will guide the City's transportation investments and must be acknowledged and defended to ensure that change and investments to the City's transportation network occur in accordance with these goals.

Clarksville's core values are for the transportation system to be:

## SAFE AND CONNECTED

- Create greater travel capacity, safety and convenience for motorists, pedestrians, cyclists, transit riders.
- Ensure Clarksville is an interconnected city that can be enjoyed by people of all ages and mobility levels.
- Strive to provide our motorists, pedestrians, bicyclists and transit riders a consistent range of predictable travel times.

## LIVABLE AND RESILIENT

- Ensure Clarksville is a community where neighborhoods and public spaces are connected.
- Ensure each mode of travel provides choices in anticipation of unforeseen challenges, such as weather events, crashes, explosions or fires that limit or block routes.
- Contribute to the economic prosperity, public health and exceptional quality of life in the city.

## PRUDENT AND EQUITABLE

- Make motorists, transit riders, bicyclists and pedestrians of all ages and abilities partners in transportation solutions.
- Distribute transportation investments equitably throughout the city, ensuring all residents, employees, and visitors have transportation choices regardless of their income, racial makeup, age or personal agility.
- Ensure responsible use of our fiscal resources to maximize the return on our investments and minimize financial risk to the community.

**“We’re committed to distributing transportation investments equitably throughout the city, while ensuring responsible use of the resources provided by taxpayers to maximize the return and minimize financial risk.”**

**Mayor Joe Pitts**

## **MAKING IT HAPPEN**

Achieving a transportation vision happens through a collaborative and sustained process. It identifies programs and implements projects that address the community’s transportation needs equitably and efficiently. The City of Clarksville is responsible for implementing the 2020+ Transportation Strategy, often in partnership with other agencies such as TDOT, Montgomery County and the Regional Planning Commission.

## **ASSESSMENT**

The purpose of the 2020+ Transportation Strategy is to identify and confront current traffic challenges while actively planning for those on the horizon. The Strategy represents an initial traffic and mobility needs assessment and offers a list of eligible projects that address the transportation challenges the City should overcome.

## **PRIORITIZATION**

The Strategy prioritizes transportation projects into tiers based on need, their ability to solve the City’s most pressing traffic and mobility problems, and the best allocation of City resources to equitably implement transportation priorities throughout the city.

Programs and projects listed in this plan were identified through a combination of previously identified needs by the Clarksville Street Department;

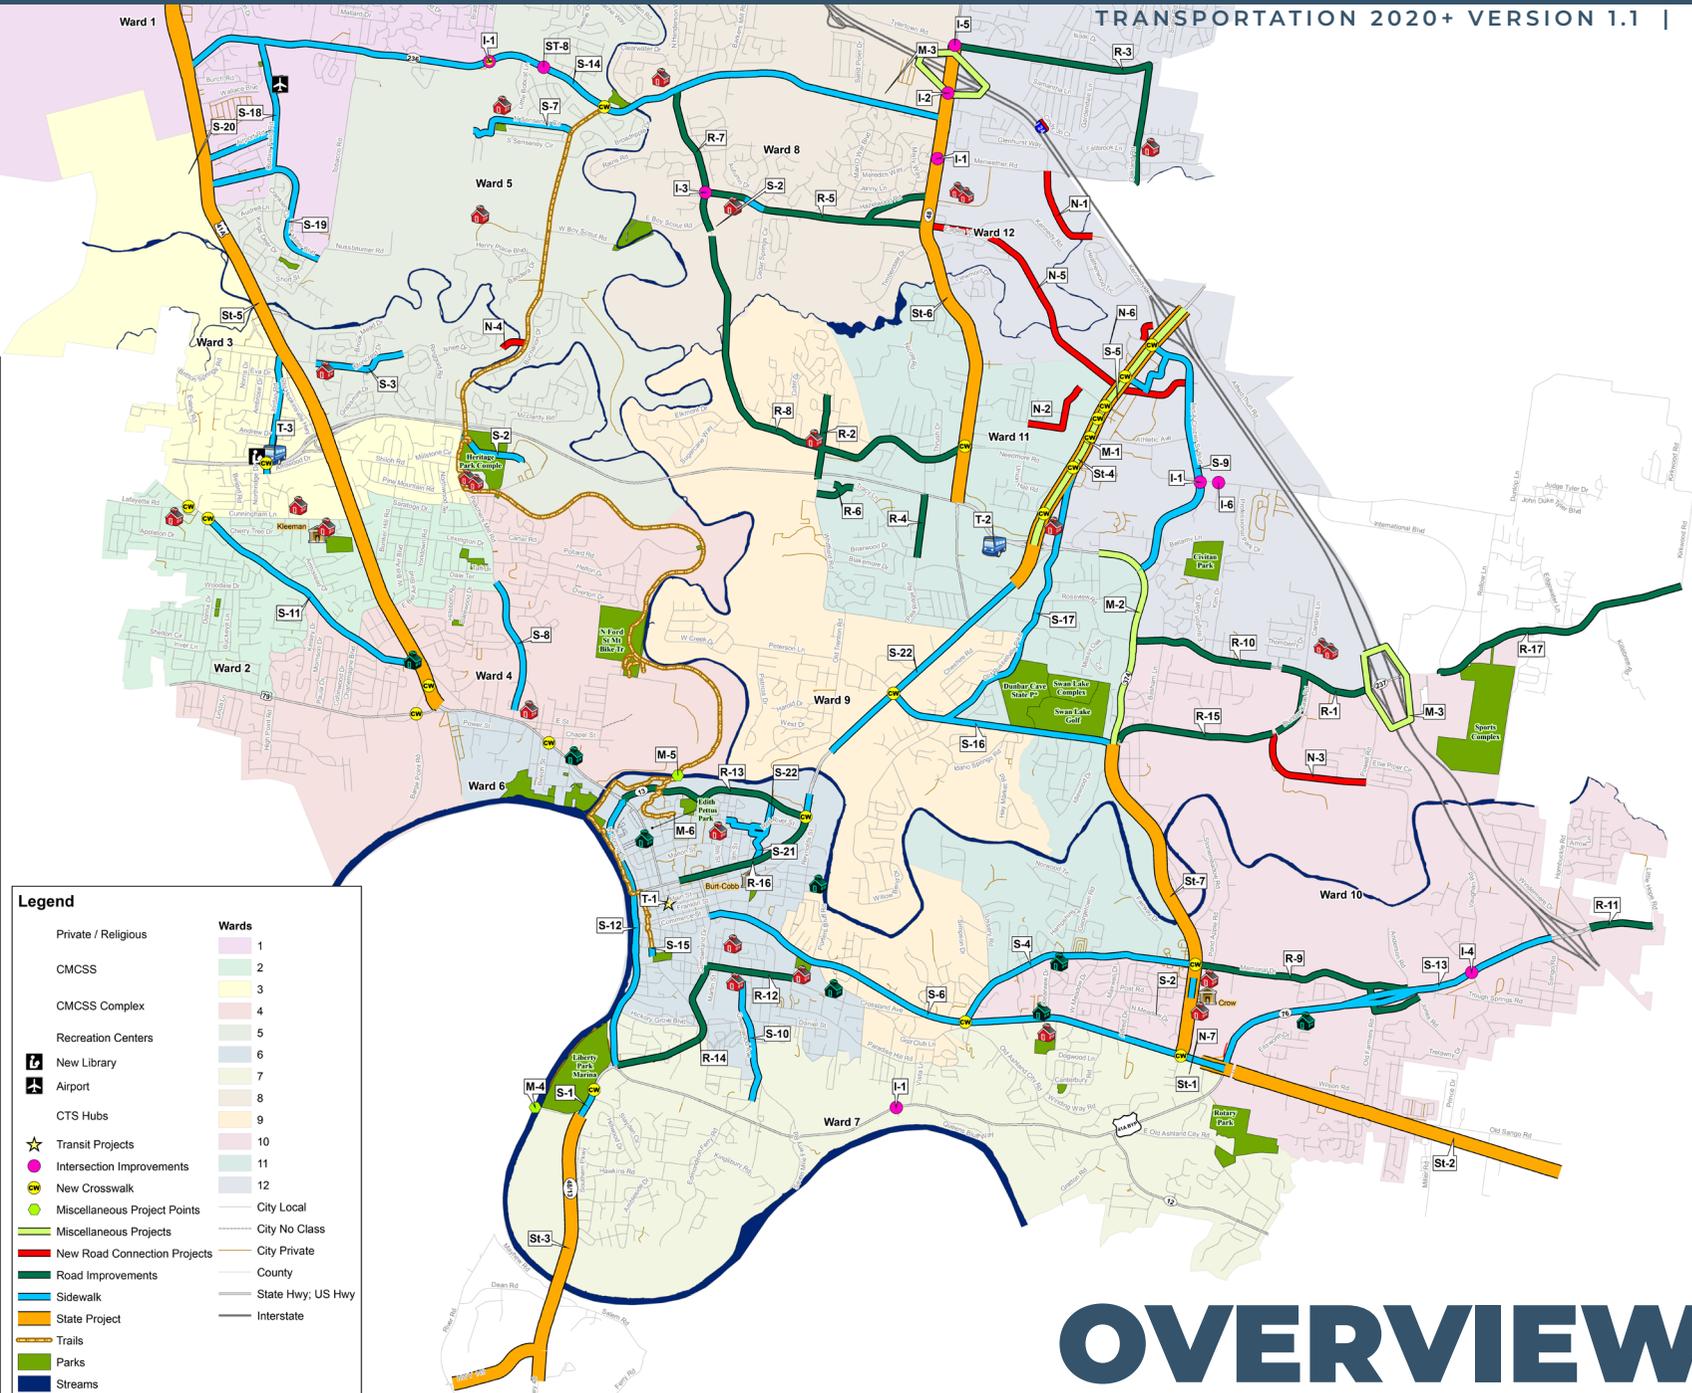

Clarksville Transit System; Clarksville Parks & Recreation; input from the Mayor and City Council; and input from the RPC and MPO leaders.

Planning level cost estimates are listed as an important part of the document, but were not used exclusively to prioritize projects. City Council will take more accurate engineering level costs into consideration annually when finalizing the City budget.

# OVERVIEW

# TIERS

## SETTING ACTIONABLE PRIORITIES

"This is an action strategy, not another plan that sets on the shelf and gathers dust."

Mayor Joe Pitts

Tier 1 projects are prioritized by their ability to adhere to the City's transportation core values. They are generally larger projects which are ranked as urgently needed to address traffic congestion, promote motorist and pedestrian safety, connect the community and expand transit service.

Tier 2 and Tier 3 projects and programs focus on the community's identifiable and expected future mobility needs.

This report focuses on Tier 1 projects. A full list of Tier 2 and 3 projects, with maps, begins on pg. 29. The project level cost estimates envisioned Tiers 1, 2 and 3 total \$432,780,000.

Pg. 09 breaks down the Tier 1 projects proposed for immediate attention in the 2020+ Transportation Strategy. The project level cost estimates envisioned in Tier 1 total \$200,200,000.

# EXPLORING OPTIONS

Throughout many of the Tier 1 projects, there is an ability to tailor each project to the needs of the community. Whether those needs be multi-use paths, bike lanes, sidewalks, turn lanes, etc., the following renderings go into detail about the choices available. Keep these choices in mind while looking through the pictures and maps of the Tier 1 projects. This will give better understanding on the possibilities of each projects.

Please note: The below options are not available for all projects due to size constraints.

# DECISIONS

The creation of the 2020+ Transportation Strategy offers new opportunities for the City Council and citizens to have direct influence on ensuring the vision and values in the plan are translated into new policy, programs and projects.

The City Council adopts laws, ordinances and resolutions as it deems proper. The Council sets direction for the City including approving all policies and plans, adopting the City's annual budget and 5-year Capital Improvement Program (CIP). The Council's role in supporting new transportation initiatives will include:

- Adoption of the 2020+ Transportation Strategy and its subsequent updates.
- Adoption of the City's annual budget and 5-year CIP.

## REGIONAL PLANNING COMMISSION

The Regional Planning Commission and Metropolitan Planning Organization provide guidance for planning the development, expansion and growth of the city and county, and from time to time, assists in the preparation of comprehensive, long-term plans.

The RPC Director, the MPO Director with their staff have provided direct assistance to the preparation of the 2020+ Transportation Strategy. In the future, the RPC Director may recommend programs and projects to update the adopted 2020+ Transportation Strategy.

The Planning Commission will work to ensure that goals of the traffic plan align with the goals of long-range land use plans. The Planning Commission's role in supporting new transportation initiatives are primarily policy oriented in nature, and include the following:

- Ensure that future development plans, including subdivisions, implement provisions of the 2020+ Transportation plan when possible.
- Work with City staff and the development community to create programs that achieve transportation goals from a growth and land use perspective.

## TENNESSEE DEPARTMENT OF TRANSPORTATION

TDOT owns and maintains the federal and state transportation network in Clarksville, including:

- Interstate 24
- US 41A
- US 79
- State Route 76
- SR 48-13/Trenton Road
- SR 12/Ashland City Highway
- SR 236/Tiny Town Road
- SR 237/Warfield/101st Parkway
- SR 374/Rossvie Road

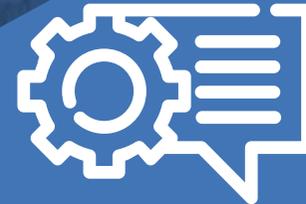

Any improvement desired on a state facility must be endorsed by TDOT.

Clarksville has a successful and collaborative relationship in improving TDOT roadways.

# REVENUES AND RESOURCES

## RESOURCES

The City of Clarksville's Annual Budget is the primary tool the City Council uses to implement its policies. The budget sets spending priorities for the year, serves as an important management tool for City operations, and establishes the direction for the community to move forward.

The Clarksville City budget provides guidance in two basic forms: operations and capital. Operations reflect the funding necessary for day-to-day functions, including staffing and expenses.

Capital generally reflects the City's equipment, facilities, and infrastructure. Funding ranges from buying a copy machine to building a recreation center, a new park, or a roadway.

Funding for the City's transportation program is contained in both general areas. The following funds in the City Annual budget support the City's transportation program:

The General Fund is the City's primary operating fund and is used to track the financial resources associated with the basic City services that are not required to be accounted for in other funds. This includes services such as police, street maintenance and repair, parks and recreation, and other support services. These services are funded by general purpose tax revenues and other revenues that are unrestricted. This means that the City Council, with input from the public, can distribute the funds in a way that best meets the needs of the community, as opposed to other funds, that are restricted to predefined uses.

Capital Projects funds account for financial resources that must be used for the acquisition, improvements, or construction of major capital projects, like big roadways and bridges or a major recreation complex.

The City's 5-year CIP lists approved and anticipated capital projects of the City and can be found in the CIP section of the budget document.

**“While we talk politely about funding and resources, let's get real -- it's going to take M-O-N-E-Y to build the improved roads and sidewalks we need.”**

**Mayor Joe Pitts**

## REVENUES AND RESOURCES

As the tiered priority project lists clearly show, even with expected substantial state and federal money, Clarksville has significant transportation system expansion and improvement needs. With current revenues, only one or two Tier 1 projects will move forward. It's clear the City needs more financial resources to accomplish the major improvements needed to increase our roadway capacity and make our transportation system safer, more effective and reliable, and more equitable.

## HOW REVENUE TRANSLATES INTO NEW ROADS

Traditionally, the City uses tax-exempt bond issues to borrow money to pay for large, long-term capital projects such as roads. In the current lending market, \$2.4 million per year in new revenues would allow the city to borrow \$40 million for road projects; \$4.8 million in new revenue would allow the city to finance \$80 million for roads, and so forth.

## TOOLS AVAILABLE TO INCREASE REVENUE

Three major funding sources enabled by statute can be increased or added to the resource mix. In two cases, citizens would have the opportunity at the ballot box to directly make decisions on proposed funding methods and levels. These options are:

### FUEL TAXES

The State's Improve Act gives City of Clarksville voters the ability by referendum to add a local motor vehicle fuel tax to help pay for transportation-related capital projects. For example, a 3-cent local vehicle fuel tax would generate an estimated \$750,000 per year for local transportation projects.

### SALES TAXES

Citizens could vote by referendum to increase the local option sales tax rate by a quarter cent. This is the remaining legal limit. A quarter-cent increase would generate an estimated net increase of \$3.5 million per year to the City general fund.

### PROPERTY TAXES

The City Council could vote to increase the amount of property taxes dedicated to transportation funding and potentially increase property taxes. Based on the City's current tax base (the assessed value of all properties in the City Limits) a 1-cent increase in the property tax rate would yield revenue of \$324,500; a 10-cent increase would yield \$3.245 million.

## AN EXAMPLE

The City would need more than \$80 million to fund two major Tier 1 projects -- the Spring Creek Parkway (\$51 million) and the Tylertown/Oakland Road improvements (\$37 million). This means the City would need to add \$4.8 million per year in new revenues, in some combination of the options listed above.

## DECISIONS

Moving forward, City leaders will engage with community stakeholders to review and refine the 2020+ Transportation Strategy, and identify the right mix of revenue sources and projects to address our challenges.

ORDINANCE 124-2020-21

AN ORDINANCE AMENDING THE 2020-2021 BUDGET AND APPROVING THE 2021-2022 ANNUAL ACTION PLAN AND BUDGET AND AUTHORIZING APPLICATION FOR COMMUNITY DEVELOPMENT BLOCK GRANT AND HOME INVESTMENT PARTNERSHIP FUNDS AS WELL AS OTHER PROGRAMS

*WHEREAS*, Regulation 24 CFR Part 91 issued by the U.S. Department of Housing and Urban Development (HUD) requires the city to submit and receive HUD approval of an annual action plan as part of a HUD-approved five-year consolidated plan for the City of Clarksville; and

*WHEREAS*, Title I of the Housing and Community Development Act of 1974, as amended, establishes a Community Development Block Grant (CDBG) program for the purpose of developing viable urban communities by providing decent housing and suitable living environments and expanding economic opportunities and preventing and/or eliminating conditions of slum and blight, principally for persons of low and moderate income; and

*WHEREAS*, the Statement of Purpose for this Ordinance reflects comments from agencies, organizations and citizens as related to funding received from two HUD programs; the Community Development Block Grant and the HOME Investment Partnership Program; and

*WHEREAS*, Article VII, Section 3 of the Official Charter of the City of Clarksville provides for the approval and adoption of a budget; and

*WHEREAS*, the provisions of the Tennessee Code Annotated require each municipality to operate under an annual appropriation ordinance.

*WHEREAS*, the governing body has published the annual operating budget and budgetary comparisons of the proposed budget with the prior year (actual) and the current year (estimated) in a newspaper of general circulation not less than ten (10) days prior to the meeting where the governing body will consider final passage of the budget.

*NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:*

That the 2020-2021 budget is amended and the 2021-2022 Annual Action Plan and the 2021-2022 “Budget and Program of Expenditures” is hereby adopted and approved.

Section 1. Revenues and Expenses. Revenues and expenses for the COMMUNITY DEVELOPMENT BLOCK GRANT, HOME INVESTMENT PARTNERSHIP FUNDS, EMERGENCY SOLUTIONS GRANT AND CONTINUUM OF CARE GRANT are shown on the budget schedule below. The budgets shown below are on a cash basis. Revenues are estimated to be sufficient to pay the estimated expenses of the operations.

ORDINANCE 127-2020-21

AN ORDINANCE AMENDING TITLE I (ADMINISTRATION, OFFICERS, AND PERSONNEL), CHAPTER 1 (IN GENERAL) OF THE OFFICIAL CODE OF THE CITY OF CLARKSVILLE, TENNESSEE PERTAINING TO ESTABLISHMENT OF THE BUILDING AND FACILITIES MAINTENANCE DEPARTMENT

*WHEREAS*, the Clarksville City Council desires to establish a new City department to maintain the City's buildings and facilities; and

*WHEREAS*, Article VI of the Official Charter of the City of Clarksville, Tennessee, "Organization and Personnel," provides the ability to create departments by ordinance.

*NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:*

That the Official Code of the City of Clarksville, Tennessee, Title 1, "Administration, Officers, an Personnel," Chapter 10, "City Departments and Organization," is hereby amended by adding the following new section:

**Section 10-118. Building & Facilities Maintenance Department**

There is hereby established a Building and Facilities Maintenance Department which shall be headed by a director of building and facilities maintenance.

*BE IT FURTHER ORDAINED* that this ordinance shall be effective July 1, 2021.

ORDINANCE 129-2020-21

AN ORDINANCE AMENDING THE OFFICIAL CODE PERTAINING TO EMPLOYEE BENEFITS (RETIREEES HIRED AFTER JULY 1, 2006)

*WHEREAS*, effective upon July 1, 2006, the City of Clarksville, pursuant to ordinance, ceased offering retirement healthcare benefits to new employees; and

*WHEREAS*, public safety employees hired on or after July 1, 2006, have a mandatory retirement age of 60 (62 for administrative positions) due to the “bridge” plan administered through the Tennessee Consolidated Retirement System (TCRS), and as a consequence, such employees have no healthcare benefits from the time of their mandatory early retirement until their eligibility for Medicare at age 65; and

*WHEREAS*, the City Council finds that for all City employees hired after July 1, 2006, not just public safety employees, due to debilitating medical conditions and / or other unforeseen circumstances, and without fault, some may be forced to choose between retirement prior to their eligibility for Medicare at age 65, and thus leaving them without group health insurance, or remaining employed in order to maintain group health insurance; and

*WHEREAS*, the City Council further finds, as a result of the above stated situation, that some employees may continue employment with the City solely to maintain health benefits, which would lead to increased medical claim costs for the City, such costs to the City being a minimum of \$1,025.00 per month per employee, plus all expense costs for medical claims for each employee; and

*WHEREAS*, as a result, the City Council finds that a “defined benefit” type of plan, such as the City currently uses, greatly increases the City’s “Other Post Employment Benefits” (OPEB) liability; and

*WHEREAS*, the City Council finds that a “defined contribution” plan, is less expensive and will result in less OPEB liability than a “defined benefit” plan, will provide an option to workers with debilitating medical conditions and / or unforeseen circumstances to retire and thereby will decrease and limit City current medical claims costs, will provide fair treatment to public safety employees who are forced to retire early, and will help qualified employees who have separated from service to offset health care expenses, all of which will thereby further the City’s ability to recruit, and retain, talented and productive workers.

*NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:*

- (1) That the Official Code of the City of Clarksville, Part II, Title 1.5 (Human Resources), Chapter 7 (Benefits), is amended by deleting Sec 1.5-701 in its entirety and replacing with the following:

Sec 1.5-701 – No retroactive application.

All persons who have separated from employment under the provisions of a city sponsored pension or retirement plan and who were receiving health, dental, and/or life insurance coverage as additional retirement benefits in addition to the pension benefit from a city sponsored pensions or retirement plan prior to the effective date of the ordinance from which this section derives shall continue to receive and shall be provided all health and dental insurance that they were provided by the city prior to the effective date of the ordinance from which this section derives.

**(2) Sec 1.5-709 Employees hired on or after July 1, 2006 eligibility for monthly health stipend.**

- a. All persons employed by the city, whose hire date is on or after July 1, 2006, shall be provided a monthly stipend, to be used for health related expenses, until age 65, upon separation from the city only if the employee meets the criteria of this section. Persons hired on or after July 1, 2006, must complete a minimum of ten (10) years of total credited service and be at least fifty-five (55) years of age to be eligible to receive this monthly stipend pursuant to the provisions of this section.
- b. For the purpose of this section, credited service with the city shall be that service performed as a regular full-time or regular part-time employee of the city as defined within this Code. Credited service recognized by the Tennessee Consolidated Retirement System but not with the city as a full-time employee or a regular part-time employee as defined within this Code, shall not be recognized as credited service with the city for the purpose of determining the eligibility for the health stipend benefit provided for within the ordinance from which this section derives.
- c. An employee must have been covered by the city's health plan immediately prior to the employee's separation from the city to be eligible for this monthly stipend.
- d. Upon an employee's separation from the city, the employee must be immediately eligible or eligible within six (6) months after the effective separation date to receive pension or disability benefits from the Tennessee Consolidated Retirement System, or from a city sponsored pension plan.
- e. On and after the effective date of the ordinance from which this section derives, eligible employees hired on or after July 1, 2006, and separating from employment with the city may apply for and receive a monthly stipend of at least \$800 for health related expenses, to age 65, in accordance with the following schedule:

Years of credited service		Allocation of Health Dollars	
Equal to or greater than:	But less than:	Age at separation	% funded by the City
20		55	100%
19	20	55	95%

13	14	55	65%
12	13	55	60%
11	12	55	55%
10	11	55	50%

- f. Application to receive partial monthly stipend under this section must be made prior to the employee's separation from the city.
- g. The Human Resources Director, with the approval of the Finance and Administration committee of the City Council, shall promulgate rules and regulations necessary to administer the benefits conferred by the ordinance from which this section derives. A bi-annual review will be performed, by the Human Resources Director, to assess the need to adjust the monthly health stipend amount. A review can be performed, at other times, based on market data or other contributing factors.

6	7	55	30.00%	70.00%
5	6	55	25.00%	75.00%
0	5	55	Not Eligible	Not Eligible

(b) Application to receive partial health and dental insurance benefits under this section must be made prior to the employee's separation from the city.

- (c) The ~~director of finance~~ **Human Resources Director**, with the approval of the Finance and Administration committee of the City Council, shall promulgate rules and regulations necessary to administer the benefits conferred by the ordinance from which this section derives.

(Ord. No. 60-2010-11, § 1, 2-3-11)

Sec. 1.5-704. - Dependent insurance coverage.

- (a) Any employee separating employment from the city who is eligible to have all or a portion of their health and dental insurance paid by the city as set out above may elect, prior to the effective date of their separation, to continue any dependent insurance coverage which they might have maintained under a city sponsored health or dental plan.
- (b) Employees electing to continue dependent coverage shall do so at their own expense.
- (c) Dependents not covered prior to the employee's separation shall not be eligible for coverage by a city health or dental insurance plan after separation.
- (d) If for any reason the employee should elect to discontinue the health and dental insurance coverage, the dependent coverage shall also be discontinued. If for any reason the employee should elect to discontinue the dependent coverage, the dependent coverage cannot be reinstated at a later date.
- (e) Upon the death of a participant or discontinuation of benefits, any surviving spouse or dependent covered by the city's health or dental benefits at the time of death or discontinuation shall be allowed to continue benefits under any applicable federal or state continuation of coverage provisions, such as COBRA. After all such benefits are exhausted, benefits will terminate.
- (f) When an employee is no longer eligible for the plan on becoming age sixty-five (65) or because he or she is entitled to Medicare and has dependents covered under the plan, his or her covered dependents may continue their coverage. This coverage may be continued until the dependent(s) no longer meet the eligibility requirements or until the dependent(s) become(s) sixty-five (65) or is (are) entitled to Medicare. If there is a single dependent only covered under the plan in the above circumstances, then the cost of the coverage for that dependent will become the single employee rate.

(Ord. No. 60-2010-11, § 1, 2-3-11)

Sec. 1.5-705. - Supplement insurance coverage.

- a. Coverage under the city's primary health plan will terminate upon any participant reaching age sixty-five (65) or becoming Medicare eligible. A Medicare supplement will be made available for those persons meeting the eligibility requirements of section 1.5-703 and will be paid in accordance with the provisions of section 1.5-704. Coverage under the city's primary dental plan will terminate upon participant becoming eligible for any federal dental insurance program. The city will supplement the federally approved dental plan for the persons meeting the eligibility requirements of section 1.5-703 and will be paid in accordance with the provision of section 1.5-704.
- b. When a participant reaches age sixty-five (65) and/or becomes eligible for a federally funded health and/or dental program such as Medicare, the city shall provide the participant supplemental insurance funded at the same rate as the employee's insurance had been previously funded.

(Ord. No. 60-2010-11, § 1, 2-3-11)

Sec. 1.5-706. - Funding of the health and dental insurance benefits and other non-TCRS retirement benefits.

- a. The ~~retirement finance and administration committee~~ **Human Resources Director** may recommend, as part of the annual budget process, a percentage or an amount to be credited to a reserve for funding of health and dental benefits to be provided under the provisions of the ordinance from which this section derives and for other future non-TCRS benefits of persons retiring prior to the effective date of the ordinance from which this section derives. The ~~retirement committee~~ **Human Resources Director** may base the funding request on an amount necessary to fund the future insurance retirement benefits and other non-TCRS retirement benefits as provided for by the provisions of ordinances and this Code.
- b. The ~~retirement committee~~ **Human Resources Director** may base the funding request upon such information and assumptions that may be appropriate and as funds may be determined to be available.

(Ord. No. 60-2010-11, § 1, 2-3-11)

Sec. 1.5-707. - Breaks in credited service.

- a. For purposes of calculating or determining employment benefits, any employee leaving employment with the city in good standing, and having at least one (1) full year of prior employment with the city, upon being reemployed by the city, shall be credited for all prior city employment service accumulated as of the employee's prior city employment ending date.
- b. Any former city employee rehired by the city shall be required to successfully complete a probationary period of employment as set forth in section 1.5-502 for a newly hired employee.
- c. Notwithstanding the provisions herein, the rate or amount of base pay or salary of any former employee rehired by the city shall be determined as set forth in chapter 4 of this title, and shall not be affected by the restoration of credited service as is provided for herein, except for the calculation or determination of longevity pay as set forth in section 1.5-405.
- d. For purposes of calculating or determining any benefit which depends upon the establishment of an anniversary date of hire, any rehired employee's anniversary date shall be the date the employee was most recently hired by the city, except for the determination of an employee's eligibility for health and dental insurance benefits as is provided for at section 1.5-702 in which case an employee's original date of employment with the city shall be used for determining eligibility.
- e. The provisions of this section shall apply to all current city employees who have had breaks in creditable service employment with the city, and to the rehiring of any former city employees who have left city employment while in good standing.

(Ord. No. 60-2010-11, § 1, 2-3-11)

Sec. 1.5-708. - Modifications of benefits.

The city reserves the right to modify the benefit provisions of the ordinance from which this section derives by amendment and subject to the availability of annual appropriations.

(Ord. No. 60-2010-11, § 1, 2-3-11)

<b>Total Debt</b>	<b>97,773,000</b>	<b>8,885,000</b>	<b>2,568,863</b>	<b>85,155,946</b>

**Section 5.** No appropriation listed above may be exceeded without an amendment of the budget ordinance as required by Article VII, Section 3 of the Clarksville City Charter. Amendments to the adopted budget ordinance may be approved by ordinance at any time during the fiscal year by the affirmative vote of a majority of the council on two separate readings.

**Section 6. Tax Rate.** The City of Clarksville’s fiscal year 2022 (tax year 2021) tax rate for real and personal property is set at \$1.23

**Section 7. Payments to Tennessee Consolidated Retirement System.** For the fiscal year 2020, the City of Clarksville’s rate of funding to the Tennessee Consolidated Retirement System (TCRS) will be 18.03% of covered salaries and wages for public safety employees and 14.53% for all others.

**Section 8. Other Post Employment Benefits.** The City recognizes that under the provisions of Governmental Accounting Standards Board (GASB) Statement 75 that it has an obligation for “Other Post Employment Benefits” (“OPEB”). In FY 2022, the City’s governmental funds will continue on a pay-as-you-go basis. Nothing in this section shall prevent any proprietary fund, agency, or component unit of the city from funding its OPEB obligations under the provisions of GASB 45 in FY 2022.

**Section 9. In Lieu of Taxes, Clarksville Department of Electricity and Clarksville Department of Gas, Water & Sewer.** The City has budgeted to collect the maximum in lieu of tax payment permitted by the Tennessee Code Annotated from the Clarksville Department of Gas, Water & Sewer and CDE Lightband and accounts for these payments in the general fund as operating revenues.

**Section 10. Payments to Montgomery County – In Lieu of Taxes.** Under the provisions of the Tennessee Code Annotated, 22.5% of the in lieu of tax payment actually paid to the city by the Clarksville Department of Electricity (CDE Lightband) to the City of Clarksville’s general government must be paid over to Montgomery County. The amount of the appropriation to be paid over to Montgomery County contained within this appropriating ordinance is based on an estimated annual in lieu of tax payment included in the financing sources of the city. The Chief Financial Officer is authorized to comply with the legal requirement that provides for the actual payment of 22.5% of the in-lieu-of-tax paid to the city to be paid to Montgomery County irrespective of the appropriation contained within this ordinance.

**Section 11. Payments to Montgomery County – Share of State Liquor Taxes.** Under the provisions of the Tennessee Code Annotated, 50% of the state liquor taxes paid to the City of Clarksville by the State of Tennessee must be paid over to Montgomery County for the purpose of funding education. The amount of the appropriation to be paid over to Montgomery County contained within this appropriating ordinance is based on an annual revenue estimate of the state shared revenue for the liquor tax. The Chief Financial Officer is authorized to comply with the legal requirement to pay over to Montgomery County 50% of the state liquor taxes received by the city irrespective of the appropriation contained within this ordinance.

**Section 12.** A departmental budget and the published operating budget and budgetary comparisons shown by fund with beginning and ending fund balances and the number of full time employees authorized by department and/or fund shall be considered part of this ordinance.

**Section 14.** If for any reason a budget ordinance is not adopted prior to the beginning of the next fiscal year, the appropriations in this budget ordinance shall become the appropriations for the next fiscal year until the adoption of the new budget ordinance, provided sufficient revenues are being collected to support the continuing appropriations as per Charter provision. Approval of the Director of the Division of Local Finance in the Comptroller of the Treasury for a continuation budget will be requested if any indebtedness is outstanding.

**Section 15.** In an effort for the City's pay practices to remain competitive with changes in labor market conditions, City Code Section 1.5-403 provides for the Human Resources Department to review and propose adjustments to the compensation plan including adjusting the salary structure to be competitive with the market. Further Section 1.5-405b provides for the recommendation by the Human Resources Department to provide annual general pay increases for City employees. Notwithstanding any provision of the Official Code of the City of Clarksville to the contrary, based on current market conditions and city finances, the Human Resources Director has recommended a general wage increase for City employees of 2.5% for Fiscal Year 2021-2022. Also, recommended is the increase in the pay tables of 2.5%. The effective date for both the table move and the GWI will be October 9, 2021.

**Section 16. Parks & Recreation and Golf Courses.** This ordinance shall provide authorization for the budgets of Parks and Recreation, Mason Rudolph Golf Course and Swan Lake Golf Course to be merged, therefore allowing operational efficiencies of shared resources. As provided for by City Code in certain circumstances the Department head or Mayor have authority to move funds within the department's budgets. For the purposes of budget appropriations and expenditures of Parks and Recreation and the Golf Courses shall be considered one department.

**Section 17.** This ordinance shall take effect June 30, 2021 for the good of the public.
