South Clarksville Planning Area - South Clarksville is dominated by residential development but is ringed by commercial and light industrial uses. It is near the core of the city and has a well developed transportation network for destinations within its boundaries and other areas of the city. Sufficient infrastructure to support high density development.

STAFF RECOMMENDATION: APPROVAL

1. The proposed zoning request is consistent with Growth Plan (as in the City) and adopted Land Use Plan.
2. Adequate infrastructure serves the site.
3. The current M-2 zoning is out of character with the established commercial uses. C-2 zoning is the prominent commercial zoning in the area.

COMMUNITY DEVELOPMENT COMMITTEE

David Allen, Chair

Councilman Allen said THDA was celebrating their 40th anniversary by participating in a home donation for a returning Veteran. The home was located on Sharpie Drive in Ward 9.

FINANCE COMMITTEE

Joel Wallace, Chair

ORDINANCE 58-2013-14 (First Reading) Amending the FY14 Capital Projects Budget for Fort Defiance Interpretive Center signage

The recommendation of the Finance Committee was for approval of this ordinance. Councilman Wallace made a motion to adopt this ordinance on first reading. The motion was seconded by Councilman Lewis. Councilman Wallace expressed appreciation to the CW150 Commission, Friends of Fort Defiance, and Charles Morelan for their donations which match budgeted funds for this project. Councilman Redd said the Parks & Recreation Committee also supported this amendment. The following vote was recorded:

AYE: Allen, Burkhart, Grubbs, Guzman, Harris, Jones, Lewis, McLaughlin, Redd, Summers, Wallace

NOTE: Councilman McNeill was not present for this vote.

The motion to adopt this ordinance on first reading passed.

ORDINANCE 59-2013-14 (First Reading) Amending the FY14 Capital Projects budget to close the excursion boat dock project and create the Red River Trail Phase II project

The recommendation of the Finance Committee was for approval of this ordinance. Councilman Wallace made a motion to adopt this ordinance on first reading. The motion was seconded by Councilman Grubbs. Councilwoman Jones said her previous attempt to transfer these funds to park repairs during the FY14 budget process was not political and made a motion to table this ordinance

and transfer the funds to park repairs. The motion was seconded by Councilman Summers. It was the opinion of the city attorney that the motion involved two separate actions. Councilwoman Jones then made a motion to amend this ordinance to transfer \$325,000 from the excursion boat dock project to park repairs. The motion was seconded by Councilman Summers. In response to Councilman Allen's question, Mayor McMillan said appraisals were being prepared for land necessary for the second phase of the Red River Trail.

NOTE: Councilman McNeill arrived at 7:36 p.m.

Councilman Summers said he supported transfer of funds to park repairs because no time-line had been established and no cost estimates had been prepared for the Red River Trail Phase II project. AYE: Burkhart, Grubbs, Guzman, Harris, Lewis, Redd, Wallace

NAY: Allen, Jones, McLaughlin, McNeill, Summers

The motion to cease discussion failed due to lack of 2/3 majority. In response to Councilman Burkhart's question, Mayor McMillan said the excursion boat dock project would be addressed in the future. Councilman Burkhart objected to borrowing funds for park repairs. Councilwoman Jones called for the question. The motion was seconded by Councilman Lewis. A voice vote was taken; the motion to cease discussion on the amendment passed. The following vote on the amendment was recorded:

AYE: Allen, Jones, McLaughlin, McNeill, Summers

NAY: Burkhart, Grubbs, Guzman, Harris, Lewis, Redd, Wallace

Councilwoman Jones' amendment failed. The following vote on the original motion was recorded:

AYE: Allen, Burkhart, Grubbs, Guzman, Harris, Lewis, McLaughlin, McNeill, Redd, Wallace

NAY: Jones, Summers

The motion to adopt this ordinance on first reading passed.

RESOLUTION 33-2013-14 Authorizing issuance of General Obligation Refunding and Improvement Bonds not to exceed \$11,000,000

The recommendation of the Finance Committee was for approval of this resolution. Councilman Wallace made a motion to adopt this resolution. The motion was seconded by Councilman Harris.

In response to Councilman Summers' question regarding a new fire station at Exit 1, Mayor McMillan said a land donation is still being considered. Councilman Summers was concerned that the project had not progressed. Councilman Burkhart said a new station at Exit 8 should have priority.

Councilman Harris objected to Mayor McMillan's request to go out of session to hear comments from the Director of Finance and the bond attorney. Following discussion, Councilman Redd made a motion to go out of session to hear comments from the Director of Finance and the bond attorney. The motion was seconded. A voice vote was taken; the motion passed. Finance Director Laurie Matta said some projects in the FY14 capital budget were already underway and some had actually been completed. Councilman Redd made a motion to revert to regular session. The motion was seconded. A voice vote was taken; the motion passed.

Councilman Lewis called for the question. The motion was seconded by Councilman Harris. The following vote was displayed:

AYE: Allen, Burkhart, Grubbs, Guzman, Harris, Jones, Lewis, McLaughlin, McMillan, McNeill, Redd, Summers, Wallace

The motion to cease discussion unanimously passed.

The following vote on the original motion was displayed:

AYE: Harris, Grubbs, Guzman, Lewis, McLaughlin, McNeill, Redd, Wallace

NAY: Allen, Burkhart, Jones, Summers

The motion to adopt this resolution passed.

GAS & WATER COMMITTEE

Jeff Burkhart, Chair

Councilman Burkhart said the Gas & Water Department was making efforts to provide more customer-friendly services.

Councilman Summers asked for CDE to give a department update at the next executive session. Mayor McMillan said she would respond to any questions sent to her.

PARKS, RECREATION, GENERAL SERVICES

Wallace Redd, Chair

Councilman Redd referred the Council to the Parks & Recreation website for information on current events.

PUBLIC SAFETY COMMITTEE

(Building & Codes, Fire, Police)

Geno Grubbs, Chair

Councilman Grubbs shared the following department statistics for the month of March: Building & Codes Enforcement Division – 310 cases; Building & Codes Construction Division – 1,788 inspections; Building & Codes Abatement Program – 21 work orders including 11 graffiti cases; Fire & Rescue – 923 emergency responses; Police Department – 12,337 calls.

Councilman Grubbs said the Clarksville Police Department had recently been awarded a Green Certification.

STREET COMMITTEE

James Lewis, Chair

Councilman Lewis said the Street Department completed 150 work orders during the month of March.

TRANSPORTATION COMMITTEE

Marc Harris, Chair

Councilman Harris said during the month of March, Clarksville Transit System transported 57,373 passengers and Clarksville-Nashville Express transported 4,982 passengers.

Councilman Harris said the City Garage completed 397 work orders during March with unleaded fuel at a cost of \$3.29 per gallon and diesel fuel at \$3.22 per gallon. He mentioned the Garage had recently been awarded a Green Certification.

NEW BUSINESS

RESOLUTION 32-2013-14 Approving the Tennessee Department of Transportation proposal for improvements to SR 237 (Rossvie Road) serving Hankook Tire

Mayor McMillan made a motion to adopt this resolution. The motion was seconded by Councilwoman McLaughlin. The following vote was recorded:

AYE: Allen, Burkhardt, Grubbs, Guzman, Harris, Jones, Lewis, McLaughlin, McMillan, McNeill, Redd, Summers, Wallace

The motion to adopt this resolution unanimously passed.

MAYOR AND STAFF REPORTS

Although this issue was not listed on the agenda, Councilwoman Jones made a motion hold the next executive session on the normal meeting date of April 24th instead of April 28th [this meeting had been rescheduled because Public Square would be closed to vehicular traffic for activities associated with the annual Rivers & Spires festival]. Councilwoman Jones said the normal meeting date would all council members more time to review the agenda prior to regular session. The motion was not seconded.

ADJOURNMENT

Councilman Redd made a motion to adjourn. The motion was seconded by Councilman Harris. A voice vote was taken; there was objection. Mayor McMillan ruled the motion passed. Councilwoman McLaughlin objected to the ruling. The following vote was recorded:

AYE: Burkhardt, Grubbs, Guzman, Harris, Lewis, McMillan, Redd, Wallace

NAY: Allen, Jones, McLaughlin, McNeill, Summers

The motion to adjourn passed at 8:47 p.m.

GENERAL

Executive Summary

Program Year 5 Action Plan Executive Summary:

The City of Clarksville, Tennessee, is located in the northwestern section of the state in Montgomery County, which borders the state line of Kentucky. It is the fifth largest municipality in the state of Tennessee. The 95-square-mile city is the county seat of Montgomery County and is located 45 miles northwest of Nashville, the state capital, along Interstate Highway 24. The 2010 census population of Clarksville was 136,950 persons.

Clarksville is a sprawling community that is growing at a phenomenal rate. The City of Clarksville is home to Austin Peay State University, which has 10,000 students enrolled centered in its downtown area. The vast 105,000-acre Fort Campbell military base is situated on the north side of the city bordering the Kentucky state line. Fort Campbell the 164.17-square mile military post has 49 ranges, 5 drop zones, 3 impact areas, 2 demolition areas, 46 maneuver areas and 309 artillery firing points. Fort Campbell supports an estimated post population of 40,000. Clarksville has a strong economy, and has experienced job growth and new industrial investment over the last several years. Clarksville is broadening and becoming more sophisticated by opening up a greenway, marina, and visitors center at Fort Difiante. There are 36 schools in the Clarksville Montgomery County school district serving approximately 29,000 children from pre-kindergarten through twelfth grade. The U.S. Census Bureau reported that Clarksville is the ninth fastest growing city in the nation for communities with populations of more than 100,000. The area is projected to grow by more than 50% through the year 2025.

The broad goal through all funding sources is to make Clarksville a livable community. Significant resources are utilized to assist people in enjoying decent, safe, and affordable housing. Other efforts target community safety, youth programs, recreation, public facilities, economic development, and neighborhood revitalization. The Community Development Block Grant and HOME funds are allocated through the Citizen Advisory Task Force process. The Citizen's Advisory Task Force is appointed by the Mayor and charged

with reviewing annual grant applications and making recommendations that are presented to the City Council and Mayor for approval.

The CDBG program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. The program is authorized under Title 1 of the Housing and Community Development Act of 1974, Public Law 93-383, as amended; [42 U.S.C.-5301](#) et seq.

The City of Clarksville is an Entitlement City according to the U.S. Department of Housing and Urban Development (HUD) criteria. Accordingly, the City receives annual allocations of funds for Housing and Community Development Projects under the Community Development Block Grant Program (CDBG), and Home Investment Partnership Program (HOME). As an Entitlement City, and a Participating Jurisdiction (PJ) Clarksville is required to conduct a comprehensive assessment of its housing and community needs and to present a plan of action in a detailed format prescribed by HUD.

A One Year Action Plan is required for each of the five years of the Consolidated Plan. The Action Plan covers July 1, 2014 through June 30, 2015. This is the fifth year of the City's Five Year Plan (2010-2014). This plan builds upon the strategies articulated in the Five Year Plan and represents the City's continued mission to provide programs, which address the housing needs of very low-, low-, and moderate-income citizens of Clarksville. The Action Plan enables investors, nonprofit organizations, program administrators, elected officials, and concerned citizens to work with the City in the development of affordable housing and community development programs. The City of Clarksville completed many of its strategic community goals in year 2013-2014.

The City of Clarksville is committed to the proper implementation of a balanced Community Development Program that maximizes benefits to low and moderate income persons both directly and through the improvement of their immediate neighborhoods. Through the provision of decent housing, a suitable living environment, educational and supportive services, and the expansion of economic opportunities, we intend to change the face of our low-income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty. This year's primary focus remains on housing, economic development, neighborhood revitalization, and a broad range of public and social services addressing the core needs of our low income residents.

While the needs of the City of Clarksville continue to far exceed the financial resources available through the Community Development Block Grant Program and the city's financial means, this funding makes it possible for Clarksville to provide meaningful housing improvements, public improvement, and community restoration and development activities.

It is through these activities that we address the quality of life issues that are essential in achieving and truly beneficial level of neighborhood specific community improvements. The following pages define the distribution of funds and outline the proposed projects and activities to be undertaken with the federal fund allocation.

The Action Plan describes the City's plan for the expenditure of Federal housing dollars for the coming fiscal year. It outlines activities of two (2) major formula grants: Community Development Block Grant (CDBG) and Home Investment Partnerships Program (HOME).

Clarksville, TN.

In FY 2013-14, the City anticipates receiving \$775,162.00* in CDBG funds and \$304,926.00* in HOME funds.

The geographic area that will be addressed for this Annual Plan 2011-2012 will include the entire City of Clarksville. Clarksville is located at 36° 33' 34" North, 87° 21' 30" West. The elevation is 382 feet above sea level. According to the United States Census Bureau, the city has a total area of 247.4 km² (95.5 mi²). 245.7 km² (94.9 mi²) of it is land and 1.8 km² (0.7 mi²) of it is water. The total area is 0.71% water.

Since 2000 Census, there has been a 28.5% increase in population in the City of Clarksville. (Census 2011) The MFI (Median Family Income) was 52,500 for 2010. MFI is set by HUD. City of Clarksville median household's income for Census 2000 was \$37,548. In 2000, Clarksville had approximately 16,966 households with income that falls within the 0-80 percentile of the MFI. This is 45.9% of the total household count for the City of Clarksville.

In the City of Clarksville, there are approximately 36,969 occupied housing units. Housing tenure for owners are 21,275 and renters are 15,694. 57.7% of housing units are owner occupied with an average household size of 2.79. 42.5% of housing units are renter occupied with an average household size of 2.55.

The City's low- and moderate-income areas are located generally in the center of the City. Census tracts that qualify as low- and moderate-income per HUD guidelines are those with more than 51 percent of the population earning less than 80 percent of the Median Family Income (MFI). These areas are eligible for funding through the CDBG and HOME programs. Census Tracts identified as meeting the criteria for designation in the low- and moderate-income areas are:

Currently, the City only has one program that is restricted to the low-income census tract (Target Area), Public Improvements;—Code enforcement, although a Citywide program, is funded based on the level of activity within the Target Area. The remainders of the City's programs are eligible for funding based on household income, limited clientele, job creation or the elimination of slum and blight.

Clarksville, TN.

From 2000 to 2010 Census, there has been a 28.5% increase in population (29,474) in the City of Clarksville, with the 2010 census showing a population of 132,929. The Median Household Income in the last twelve months \$ 47,066.00, Median contract rent \$578.00.

Number of Households by HUD Area Median Family Income (HAMFI)	
Extremely Low Income Households (30% HAMFI)	4,540
Very Low Income Households (30-50% HAMFI)	4,260

Households Earning Less than 100% HAMFI	46.57%

One of the concerns noted in the City's Consolidated Plan is the concentration of low-income households. Identifying concentrations of low-income households and racial and ethnic minorities is helpful in identifying possible patterns. The City has a substantial number of households with an income of less than 80% of the Area Median Family Income (HAMFI) indeed, 16,250 households hold that distinction.

In the City of Clarksville there are a total of 54,815 housing units, of those 49,439 are occupied, of those occupied units 27,732 (56.4%) are owner-occupied housing units, with a population of 75,767. While renter-occupied housing units is 21,707 (43.9), with a population of 54,241. Average household size of owner occupied units 2.50. Female householders, no husband present (with children under 18 years 5,577 (11.3%) households. (DP-1 2010 census).

The City of Clarksville is growing at a fast pace, as shown by the number of homes built during the 1990's. Between 1990 and 1999, approximately 11,226 or about 20.6% of all housing units were built in the City of Clarksville. It has continued to grow at about 14% each year since then.

FUTURE ACTIONS

The Housing Rehabilitation Program CDBG - The Program will assist low and moderate-income households for code related repairs including water and sewer hook-up and accessibility modifications. The program will be available citywide. The program will also provide funds to non-profit organizations in order to maximize the impact of funds by using labor and donated materials for housing repair efforts focused in the Neighborhood Enhancement Areas. The program anticipates rehabilitating fifteen (15) houses.

Building & Codes Clearance - The Building and Codes division of the City of Clarksville is responsible for the enforcement of existing structures that govern the approaches, upkeep, and safety of the City's housing stock. Enforcement is initiated through tenant complaints, neighborhood complaints, property nuisances, and exterior housing inspections. This initiative is citywide. Funds are used to pay for the demolition and related expenses of removing the blight.

CHDO (Community- Housing) - The CHDO allocation is required to set-aside for affordable housing activities to be undertaken by non-profit housing Development Organizations. These set-aside funds must be invested in eligible housing. CHDO's increases the availability of affordable housing in the jurisdiction. There is one (1) CHDO project for 2014-2015.

First Time Home Buyers Down Payment Assistance - Funds are provided to low and moderate-income residents for down payments and closing costs to purchase homes within Clarksville city limits. Eligible borrowers may receive a grant and a deferred loan for closing costs. Local lenders finance the difference for up to 30 years at the current fixed real estate loan rate. The program anticipates assisting ten (10) residents.

Home Investment Partnership Program- (HOME)

HOME funds will be used for rehabilitation and new construction and will be targeted primarily within the three target neighborhoods including: Red River, Brandon Hill, and South Clarksville. These were determined to be deteriorating lower-income census tracts. It is the intent of the City to focus HOME dollars in concerted areas to promote redevelopment in these declining neighborhoods. HOME dollars will play a contributing role in helping the City meet its housing objectives as outlined in the 2010-2014 Consolidated Plan. The program anticipates two (2) reconstructions.

Infrastructure: Infrastructure projects in eligible census tracts that encourage the development of affordable residential housing, quality of life, \$ 100,000.00 has been set aside.

Public Services - Funds are awarded annually to eligible non-profit and faith based groups and administered by OHCD staff to directly benefit low-income people, often people with special needs. These "special needs" populations include some of our most vulnerable residents: the elderly, children and youth, the homeless, people with mental and physical disabilities, people with chronic illnesses, people with addictions, victims of violence, individuals living in Public Housing and to improve the City's outreach to Hispanic residents.

Ramps – Construction of ramps for persons with disabilities.

Section 8 funds are managed and distributed through Tennessee Housing Development Agency (THDA)

Low-Income Housing Tax Credits are allocated through THDA; an 80-unit project was approved for 2013, through public housing. Another 80-unit LIHTC project on Greenwood Avenue was submitted in 2013. In 2015, we will submit an application with a developer.

McKinney-Vento Shelter + Plus Care – Buffalo Valley will facilitate this grant.

Managing the Process

Clarksville's Office of Community Development is the lead agency overseeing the development of the Annual Plan and is responsible for collaborating with other planning agencies, groups, organizations, and persons participating in the Annual Action Plan development.

The Action Plan is developed through a participatory process, described in detail, in the Citizen Participation section below. To gauge the nature and extent of needs to help the City prioritize the uses of limited funds (CDBG and HOME) and develop the Action Plan, the City used a number of research and outreach methods:

- Analysis of demographic and housing market characteristics and their impacts on housing and community development needs using statistical and empirical data
- Resources and data collected from a variety of agencies that provide housing assistance and community services

Partners include, but are not limited to the following:

Clarksville's Citizens	Community Service Providers to End Homlessness
Parks & Recreation	Habitat for Humanity
U.S. Census Bureau	Urban Ministries
Office of the Mayor	United Way of Clarksville
Community Action Agency	Linclon Homes Resident Council
Austin Peay University	Buffalo Valley

The above participants have played an integral role in the Annual Action Plan's evolution. Community meetings and public hearings were conducted during December 2013 through April 2014. The Citizen Advisory Committee was convened in March to provide a forum for public input and guidance for the plan and to select the final priorities for maximum results.

To ensure that the housing and community development meet the needs of special needs groups are addressed as part of the Action Plan; consultation with a variety of service providers and agencies will be conducted to gauge the type and extent of needs for the community. Input was drawn from residents throughout the community, through meetings, and from service providers.

- Our staff facilitates a quarterly Homeless Coalition Meeting,
- Facilitate monthly Business and Development meeting
- CHDO Technical Assistance
- Public Service providers workshop
- First Time Home Buyers Workshop
- Membership in the State wide Affordable Housing Coalition
- Attending ADD meetings
- First Time Home Buyers Workshop for public housing residents
- Fair Housing Awareness Day

Citizen's Participation

Summary

The City of Clarksville's Office of Housing and Community Development Department coordinates the planning and administration of Community Development Block Grant (CDBG) and HOME Investment Partnership Funds. As an entitlement jurisdiction, the Office of Housing and Community Development provides structure and shapes programmatic services for low-to-moderate income households. In order to meet local capacity, the Office of Housing and Community Development partners with nonprofits, Community Housing Development Organizations (CHDOs), City departments, contractors, faith-based organizations, lenders, and charities. The Office of Housing and Community Development connects resources to redevelop and revitalize Clarksville's lower income neighborhoods.

Citizen Participation

The City of Clarksville's Citizen's Participation Plan (CPP) is designed to ensure citizen participation in all of the Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) and Emergency Shelter Grant (ESG) funded program areas and to meet the requirements set forth in Section 104 of the 1974 Housing and Community Development Act, as amended, and 24 CFR 91 to provide for citizen involvement in the

planning and implementation of the City of Clarksville's Community Development Program. This Plan is an essential element of Clarksville's present and future community development process and has been developed to comply with the regulations and requirements of the CDBG program.

The CPP ensures continuity of citizen involvement in the planning, development, implementation, and assessment of programs funded through the Office of Housing and Community Development. The plan's intent is to provide citizens with a better understanding of their role in the process and the steps they can take to become more active in all aspects of the City's Community Development Program. The Citizen Participation Plan is periodically reviewed and updated to reflect any changes.

The Plan encourages citizen input, particularly for the City's low-to-moderate income persons. The Office of Housing and Community Development programs and services benefit Clarksville's low-to-moderate individuals and neighborhoods. The neighborhoods are termed "Target Neighborhoods". The Office of Housing and Community Development strives to encourage full participation of residents in the process of developing and implementing the Consolidated and Annual Action Plans, CAPER, and any neighborhood plans.

The primary goal of the Citizen Participation Plan is to provide all citizens of the community with adequate opportunity to participate in the planning, implementation, and assessment of the Clarksville CDBG program. The Plan sets forth policies and procedures for citizen participation, which are designed to maximize the opportunity for citizen participation in the community development process. Citizens are encouraged to participate in all phases of the CDBG program and will be provided full access to program information. However, final responsibility and authority for the development and implementation of CDBG program(s) will lie with the City of Clarksville.

The City of Clarksville's Plan:

- Provides for and encourages citizen participation, with particular emphasis on participation by people of low and moderate income who are residents of slum and blighted areas and areas where CDBG, HOME, and/or ESG funds are proposed to be used.
- Provides citizens with reasonable and timely access to meetings, information, and records relating to the City's proposed use of funds.
- Provides for technical assistance to groups representative of people of low and moderate income that request such assistance in developing proposals.
- Provides for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program, including at least the development of needs, the review of proposed activities and the review of program performance.
-

- This plan in no way will restrict the responsibility and authority of City officials for the development of annual applications for funding from the U.S. Department of Housing and Urban Development or with the execution of the Community Development Program. The Mayor shall be the grantee recipient and the City of Clarksville Office of Housing and Community Development shall administer the program.

Participation:

All phases of citizen participation will be conducted in an open manner, with freedom access for all interested parties. Public hearings will be publicized and pertinent information will be available to the public. Details will be available upon request at the City of Clarksville Office of Housing and Community Development, One Public Square, Suite 201, Clarksville, TN 37040, Monday through Friday from 8:00 a.m. until 4:30 p.m. or by calling 931-648-6133. The city will consult with and notify other local units of government with regard to the Community Development Program as appropriate to ensure effective planning and implementation of community development activities. To ensure citizen participation a citizen's advisory committee is established by this Citizen's Participation Plan.

During the development of the 2014-2015 Action Plan, public participation was strongly encouraged. Staff attended meetings with several local non-profits and governmental agencies and met with many citizen groups. The Office of Housing and Community Development met with governmental agencies such as The Clarksville Housing Authority, Clarksville-Montgomery County Regional Planning Commission and the Metropolitan Planning Organization, and the Tennessee Housing Development Agency to discuss housing and transportation needs for the city.

Local newspaper ran housing rehabilitation ads periodically, and radio spot ads about our programs were also ran.

There were no comments received that were not accepted.

An Analysis of Impediments to Fair Housing Choice (AI) was conducted in the early months of 2012. The results are from a process of consultation and citizen participation, building upon existing participation mechanisms and venues. Citizens, not-for-profit organizations, and interested parties were afforded a variety of opportunities to:

- Contribute during meetings, hearings and planning sessions,
- Review and comment upon the participation plan, the Analysis of Impediments, and comments made about the Analysis,
- Participate in public hearings, comment upon the plan and its amendments, and register complaints about the Analysis and its amendments.

The City complied with the citizen participation requirements of the regulations by doing the following:

- Preparing, adopting, and following a Citizen Participation Plan;
- Publishing informational notices about the document prior to public hearings;
- Holding public hearings in accessible places at convenient times after providing reasonable notice;
- Publishing a summary of the Analysis, describing its contents and purpose and a listing of locations where the entire document could be examined;
- Making the Analysis available for public examination and comment for a period of thirty (30) days before submission to HUD;
- Providing citizens, public agencies, and other interested parties reasonable access to records regarding uses of assistance for affordable and supportive housing the City may have received during the preceding five years; and
- Considering the views and comments of citizens, and preparing a summary of those views for consideration with the submission.

The Office of Housing and Community Development staff conducted a well-publicized, evening public meeting at the Public Library. In addition, the Office conducted four focus group meetings, inviting members of the Human Relations Commission, representatives from lending and financial services organizations, community service organizations, housing developers, and housing advocacy groups. A survey was completed by each attendee at the focus group meetings and was made available to City residents on the City Website. The availability of the survey was noted not only on the Website, but also through a press release and PSA.

Institutional Structure

CDBG and HOME programs are implemented out of City Hall at One Public Square, 2nd Floor, Suite 201, by the Office of Housing and Community Development (OHCD). The OHCD works with the newly reformed Human Relations Commission to help citizens with Fair Housing issues. In addition, the OHCD works with a number of City departments and outside agencies to ensure special needs groups are served. Currently, the City is also working with locally certified Community Housing Development Organizations (CHDOs), and the Clarksville Housing Authority, and the Tennessee Housing Development Association (THDA) to expand the City's affordable housing stock. The OHCD will continue to identify additional qualified CHDOs to help rehabilitate and/or construct affordable housing. The OHCD in working with a variety of community agencies over the last thirty years has a well-established structure for implementing the funded programs.

The City of Clarksville will work with all area service providers, as identified in this strategy, to ensure that the objectives of the the strategies are met. Although private funding is not currently available to the City to address all the defined objectives at this time, the City, through the Community Development Office and other appropriate City departments, shall encourage the private and nonprofit sectors and assist with resources as deemed appropriate. Many of the area's nonprofit service providers currently receive the support of the private sector in terms of donations and volunteers that extend services to the City's low and moderate income citizens. These services would be greatly limited without the support of the private sector. At the time of submission, the City of Clarksville is not aware of any gaps in its insitutional structure that would impair its ability to carry out its Five Year Strategy and Annual Action Plans.

Monitoring

A Housing and Community Development Committee consisting of four (4) city council members appointed by the mayor, was formed to review the OHCD budget expenditures, ongoing and upcoming projects, as well as the goals and objectives, strategies and priority needs of the Office growth plan. The committee meets once a month.

All subrecipients for the City of Clarksville including those who serve homeless and low-income individuals are required to undergo a yearly monitoring for compliance with the CDBG regulations as stated in the original grant contract. Acceptance of CDBG funds obligates the City to ensure that CDBG monies are used in accordance with all applicable requirements.

Locally certified Community Housing Development Organizations (CHDOs) housing units are required to undergo a yearly monitoring and on-site inspection of the units.

Our objectives for monitoring are as follows:

- Ensure that CDBG funds are used in accordance with all program requirements
- Evaluate organizational and project performance
- Determine if the subrecipient is carrying out its community development program, and its individual activities, as described in the application for CDBG assistance and the Subrecipient agreement.

- Ensure that activities are carried out in a timely manner, in accordance with the schedule in the agreement
- Ensure that all costs charged to a project are eligible under applicable CDBG regulations, and reasonable in light of the services delivered
- Determine if activities are performed with adequate control over program and financial performance, and in a way, that minimizes opportunities for waste, mismanagement, fraud, and abuse
- Assess the continuing capacity of the Subrecipient to carry out the approved project.
- Identify political problem areas and assist them with complying with applicable laws and regulations
- Assist with the resolution of any compliance problems through discussion, negotiation, and technical assistance
- Provide adequate follow-up measures to ensure that performance and compliance deficiencies are corrected by the Subrecipient
- Comply with the federal monitoring requirements of 24 CFR 570.501 (b) and 24 CFR 85.40
- Determine if any conflicts of interest exist in the operation of the CDBG program, per 24 CFR 570.611
- Ensure that required records are maintained to demonstrate compliance with applicable regulations

Monitoring activities will occur no less than annually. If any concerns or findings are found then the City will be required to address those items in a letter to the Subrecipient and receive a written response from the Subrecipient within two weeks of the original letter. Any risk that is identified will need to be addressed within 30 days by the Subrecipient before any additional funds can be disbursed to the Subrecipient.

The City of Clarksville also provides ongoing monitoring of all other housing and community development projects through the use of IDIS. This system assists us in tracking costs, eligibility, and performance.

Lead-based Paint

Homes assisted by the City of Clarksville with HUD funds will continue to be subject to the required level of lead hazard reduction set forth by U.S. Department of Housing and Urban Development Healthy Homes regulations. Qualifying homes where safe work practice or an abatement contractor can be used to abate the lead-based paint hazard for a reasonable cost will be assisted. The evaluation and remediation of the homes considered for the rehabilitation program will continue to be assessed on a home-by-home basis.

Staff will attend lead base training when available.

HOUSING

Specific Housing Needs and Objectives

Priority 1: Conserve and Improve Affordable Housing:

The older housing stock in Clarksville suggests that repairs and rehabilitation will be required to maintain quality structures and living spaces. The City addresses this need through single-family rehabilitation assistance, and New Construction Program: (1) The Housing Rehabilitation Program offers assistance ranging from grants to zero-interest deferred payment loans. Eligible owners are those with household incomes not exceeding 80 percent of median income. A high priority is given to conserving and improving affordable housing stock, including addressing lead-based paint hazards. (2) The minor rehabilitation repair program consists of a one-time grant to the owner of the property. A maximum of \$10,000 per property will be granted for approved minor improvements. The intent of these improvements is to impact the overall exterior appearance of the property and thereby have a ripple effect on improving the aesthetics of the block, immediate neighborhood, and the City in general. (3) New construction offers assistance ranging from grants to zero-interest deferred payment loans to existing homeowners to reconstruct existing homes.

Priority 2: Provide First-Time Homebuyer Opportunities

Using HOME funds, the City offers residents of Clarksville with low to moderate income down payment assistance. The goal of the program is twofold: 1) to increase the percentage of homeowners in the community; and 2) to further assist the stabilization of residential neighborhoods by increasing the number of those persons who have a stronger economic stake in the overall appearance of their neighborhoods.

Priority 3: Support New Affordable Housing Construction:

The City will assist with the development of new affordable housing by working with for-profit and non-profit housing developers to acquire, rehabilitate, and/or construct new affordable housing units. HOME funds are available to assist in affordable housing production.

Priority 4: Public Services

The city will invest up to \$120,000 to assist eligible non-profit organizations to directly benefit low-income people, often people with special needs. These "special needs" populations include some of the most vulnerable residents, the elderly, homeless, people with mental and physical disabilities, chronic illness, additions and individuals living in public housing.

Priority 5: Public Facilities

The city will do one (1) public facilities project this year in a qualified census tract

Priority 6: Public Housing

The city will encourage the Clarksville Public Housing Authority to apply for Rental Assistance Demonstration program (RAD).

Priority 7: CHDO

The city will fund at least one possibly one CHDO projects, and is looking to start a CHDO

Priority 8: Acquisition, Demolition, and Clearance

The City will have funding available to clear abandoned houses or buildings.

Specific Housing Objectives

Housing activities that benefit low- and moderate-income households receive a high priority in the 2013 Action Plan. The intended outcomes include improvement of existing affordable housing, first-time homebuyer opportunities for low- and moderate-income households, increased development of affordable single and multi-family housing, and the promotion of equal housing opportunities.

The City of Clarksville faces a number of important housing challenges. In particular, the conservation and improvement of the existing housing stock is critical in the City where many dwellings are relatively old and require some form of rehabilitation or improvement. City-sponsored residential rehabilitation assistance is necessary to:

- 1) Enable low- and moderate-income homeowners to carry out repairs they otherwise cannot afford; and
- 2) Facilitate neighborhood upgrading in general. Aside from the quality of housing, another issue of concern is affordability.
- 3) Continued efforts to expand the affordable housing stock will be the major means to address this need. The City of Clarksville continues to collaborate with non-profit organizations to accomplish a wide range of housing objectives, to include providing labor for housing rehabilitation projects beyond our scope of work, counseling for renters or owners, and homeless, emergency rental or utility bill assistance.

Federal, State, and Local Public and Private Sector Resources

The City of Clarksville has access to federal, state, and local resources to achieve its housing and community development priorities. Specific funding sources will be utilized based on the opportunities and constraints of each project or program. The City utilizes two major funding sources for housing and community development activities: CDBG and HOME funds. HUD awards CDBG and HOME funds to Clarksville based on a formula allocation that takes into account the tightness of the local housing market, inadequate housing, poverty, and housing production costs. CDBG funds can be used for housing and community development activities, and HOME funds are used to expand affordable housing opportunities.

Clarksville, TN.

The City's goal is to leverage federal, state, and local funds to maximize the number of households that can be assisted. Other funding sources are available to the City but not addressed in this planning document. Community development, housing, and economic development goals can be met with supplemental funds that may be leveraged.

Section 8: The U.S. authorizes the Section 8 Rental Choice Voucher Program. Housing Act of 1937, and is overseen by HUD's Office of Public and Indian Housing. The Tennessee Housing Development Agency (THDA) administers the local Section 8 Housing Choice Voucher Rental Assistance Program for Clarksville residents, providing rental assistance payments to owners of private market-rate units on behalf of low-income tenants.

Low Income Housing Tax Credits: Tax credits are available to individuals and corporations that invest in low-income rental housing. Usually, the tax credits are sold to corporations with a high tax liability and the proceeds from the sale are used to create the housing.

Needs of Public Housing

Public housing was established to provide decent and safe rental housing for eligible low-income families, the elderly, and people with disabilities. Public housing comes in all sizes and types, from scattered site single-family houses to apartments for the elderly in high-rise buildings. There are approximately 1.3 million households living in public housing units across the country, managed by approximately 3,000 housing authorities.

The Clarksville Housing Authority has two (2) asset management projects consisting currently of 508 conventional public housing units' located at (4) sites within the city. All of the units were built prior to 1970 with 300 of them being built in the 1950's. The Clarksville Housing Authority has a resident population exceeding 1230. There are approximately 300 female-headed households with children and 84 elderly households. Persons under eighteen (18) years of age represent 52% or 6440 residents. The average annual income is \$8,200.00.

Through the Department of Housing and Urban Development's Real Estate Assessment Center, The Clarksville Housing Authority has been designated a high performer for the past three consecutive years receiving a score most recently in 2011 of 95 of 100.

Much of the public housing set aside for Clarksville families is old. Most of the units were built in the early 1950's and are still being occupied by families today. Great majorities of the families living in public housing in Clarksville have very low incomes and have no alternative but to live in public housing. The private sector has not and will not be able to serve the growing low income housing family's needs in Clarksville. The lack of decent, low cost housing in Clarksville gives many low-income families no choice but to live in deplorable conditions and pay high rents that eat up their income.

Many people blame low-income residents of public housing for all the problems facing public housing. There are some bad tenants in public housing, just as there are bad tenants in private housing. The problems with Clarksville public housing stem from a lack of inadequate funding. Decades have passed and the Clarksville public housing board and administration have not submitted any grant applications for revitalization, due to the high performance designation.

Public housing residents and the surrounding community should be active partners in the planning and implementation of public housing community programs. The isolation and barriers between public housing residents and the surrounding community must be dissolved. Public Housing Administration staff should be doing more to help the residents of public housing in Clarksville, by increasing job opportunities, and helping them with other quality of life issues.

In that regards, the OHCD has attended CHA board meetings and Resident Council meetings to help guide the parties into apply for HUD's Choice Neighborhoods initiative. OHCD was also instrumental in securing 80 LIHTC units for the Clarksville Housing Authority. The City has just awarded a contract to replace sidewalks in the Lincoln Homes Public Housing area.

At least (50) percent of the households in census tracts 1008 and 1009 are estimated to be in poverty or have extremely low incomes. (Concentration of Households in Poverty in Target Area (CHAS 2005-2009) and Concentration of Extremely Low Income (ELI) Persons in Target Area (CHAS 2005-2009).

Barriers to Affordable Housing

The provision of adequate and affordable housing for all residents is an important goal for the City of Clarksville. However, many factors can discourage or constrain the development, maintenance, and improvement of the housing stock. These factors include physical constraints, land availability, the economics of development, and governmental regulations, all of which may affect the cost and amount of housing produced. These constraints may result in housing that is not affordable to low- and moderate-income households, or may render residential construction economically infeasible for affordable housing developers. Local governments cannot control many of the factors that tend to restrict housing supply, especially those that relate to economic conditions and supply and demand for housing.

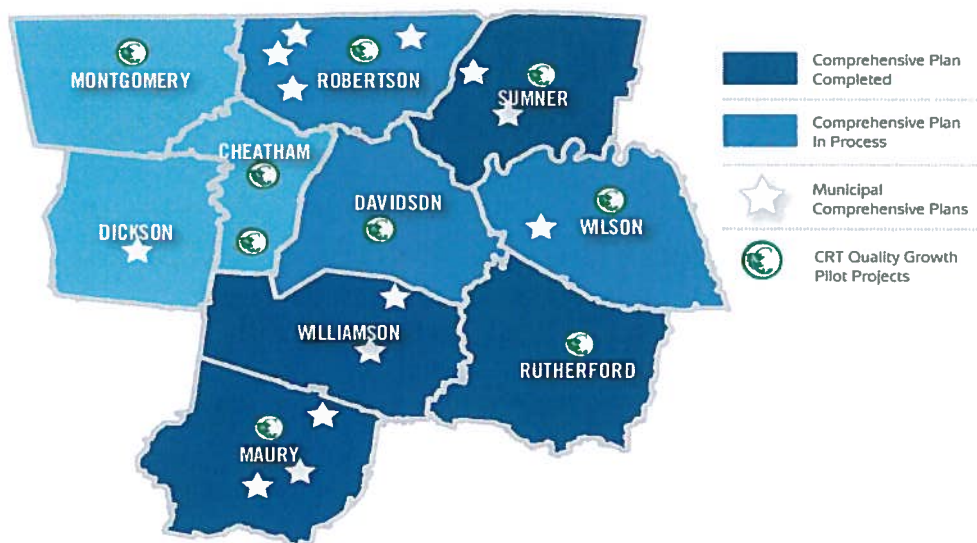

Specific zoning and land use regulations can limit the land designated for residential uses and regulate the allowable densities. The City must plan for other uses besides housing, including active commerce, open space, and areas for public facilities. The need for a variety of housing and the pursuit of affordable housing must be balanced with these other City needs.

The Clarksville-Montgomery County Land Use Plan provides a range of single-family Residential development options. The City's cluster option allows for denser development with the use of a green area. The City's sidewalk/underground utilities ordinance also allows dense development in single-family residential zones. Clarksville's lack of infrastructure and rapid single-family housing expansion (uncontrolled growth) is its primary constraint to accommodating future growth. New subdivisions have price ranges that are all the same through the entire subdivision. With no price diversity at all, developers and builders are building bigger houses on smaller lots trying to take advantage of the lack of local government affordable housing regulations. There is currently a very small amount of affordable housing being built due to developers having control of the single-family housing market.

Grandfathered-in zoning: Trailer parks in census tract 1009, trailers are being allowed to move in and out of single and multi-family zoned property at will. The neighborhood will never prosper as long as this is allowed to happen. The census tract continues to be a low-rent transient area due to the amount of singlewide mobile homes in the area. City officials claim some trailer parks were being used as a trailer park, (but never properly zoned), so they are grandfather-in, even though our city-zoning ordinance clearly states that singlewide mobile homes can only be place in an area designated as such. From just looking at some of the trailers, they seem unfit for habitation, and are in violation of city building codes.

Central Business Improvement District – has expanded into neighborhoods outside the downtown area, this means residents have to go before a board to get approval for any upgrades or maintenance to their house. This causes an undo financial burden on low to moderate-income homeowners.

Power of Ten - Middle Tennessee Counties with Comprehensive Plans

Due to the lack of an updated comprehensive plan, the city of Clarksville has not been able to address affordable housing needs. The Downtown and River Front Redevelopment Strategy May 2013 analyzed census tract 1008, but failed to mention any causes (poverty) and what could be done about it, (HUD Choice Neighborhood, or RAD programs). An affordable housing plan is crucial to the city, due to its growth and sprawl. Soon I am afraid gentrification will be the next step to get the sprawl under control. The last comprehensive plan was updated in 2001. The city needs an organized way of determining all the community needs; the city needs to recognize where it is now and where it wants to go. We have to project future land requirements for all types of housing, not just the housing that is tailored for the military community.

A comprehensive plan will be a guide for the future and for the present. We should encourage the development of "neighborhoods" rather than "subdivisions". We need to enhance the quality and type of residential developments within the City, by creating appropriate zoning ordinances and design standards promoting quality planning which fosters and encourages a balance of housing opportunities (affordable housing) and is responsive to a diverse markets preferences and needs, and which stress quality design and development through fair, objective standards and regulations.

(HOME) First Time Home Buyers Program

Program Overview: The City of Clarksville's First Time Home Buyers Program is a homeownership program designed to help income eligible households with down payment and closing cost assistance to purchase their first home within the City Clarksville. The program is administered through Office of Housing and Community Development.

The U.S. Department of Housing and Urban Development (HUD) provides the CITY with funding through the HOME Investment Partnership Program (HOME) for the purpose of expanding or improving affordable housing to lower income residents of Clarksville. The CITY allocates a portion of its annual allocation of HOME funds to offer grants, deferred payment loans (DPL) for down payments, and approved closing costs to qualified lower income households who want to become homebuyers.

The purpose of this program is to make funds available to qualified persons who wish to purchase a home but need financial support with initial costs. These costs include the down payment, as well as the closing costs and prepaid items required to obtain homeownership. These expenses can add up to a substantial amount, and the inability to cover these costs may prevent many individuals from achieving homeownership.

The Homeownership Assistance offered through the City's First Home program is payable in accordance with specific guidelines. Down Payment funds are fully forgiven provided applicant resides in the house for at least five years and one month. Closing costs provided to first time homebuyers will be considered due upon sale or other transfer. The agreement made between the buyers, the City will be attached to the property under two Notes, and a Deed of Trust, as a second to the lender's first.

WHO QUALIFIES?

The City's program is designed to assist families determined to earn income within and 30%- 80% of the area median income for Clarksville, TN. The current (2008) median income for a family of four in Clarksville, TN is set at \$51,300. Maximum income limits will be adjusted according to the most recent income figures published by the Department of Housing and Urban Development. Qualifying households would need to meet the following income limits:

Purpose

To provide down payment and closing cost assistance to households that qualifies as first-time homebuyers through the City's First Time Home Buyers Program guidelines.

To promote the acquisition and production of more affordable owner occupied units for very low and low-income individuals and families.

Specific Homeless Prevention Elements

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Sources of Funds—Homeless Assistance and Prevention

The Emergency Shelter Grant Program awarded \$164,976 to non-profits serving Clarksville/Montgomery County to help area homeless and domestic violence shelters. Grant funding is subject to change due to sequestration.

Non-profits that serve Clarksville/Montgomery County provided housing assistance to 115 new households who were homeless or at risk of being homeless through the Homeless Prevention and Rapid Re-Housing Program (HPRP). (THDA)

McKinney-Vento Shelter + Plus Care – Buffalo Valley

2. Homelessness—an effective prevention and re-housing system has three layers: prevention, shelter diversion, and rapid re-housing. Homelessness prevention serves a large number of people who are at risk of homelessness and is the least expensive intervention on a per client basis. If prevention fails to identify somebody at risk of homelessness or fails to prevent a person's homelessness, that person may contact and enter the shelter system.

Diversion is essentially an eleventh hour effort to prevent homelessness by assisting people who apply for shelter by identifying other safe housing options and resources, even if they are temporary. If prevention and diversion fail, and people become homeless, then rapid re-housing minimizes their stay in homelessness by quickly helping them move into permanent housing. On average, the interventions should get progressively more intensive, although the level of assistance for an individual household will depend greatly on the specific circumstances of that household.

However, prevention, diversion, and re-housing target distinct populations, many of the activities are similar. It is entirely possible, and in some cases preferable, to have a single program or providers perform two or three of those functions.

Prevention

Effective prevention programs typically assess immediate housing needs, explore housing options and resources, provide flexible financial assistance, and, when appropriate, offer voluntary case management services focused on housing stabilization. Mandating case management usually offers no added benefit. In cases where the current housing situation cannot be stabilized, housing location and short-term rental assistance may be necessary to help find a new housing unit. (Activities—Housing Location, Flexible Financial Assistance, Rental Assistance, and Case Management—are described below).

Prevention assistance must be carefully targeted to have a meaningful impact on homelessness, as most people who have a housing crisis do not become homeless. At a minimum, prevention resources should be targeted to people who have extremely low incomes (below 30 percent of area median income), who have a demonstrated housing crisis (e.g. request to vacate doubled up situation), and who lack protective factors, such as friends or family members who can help them. If possible, Homeless Management Information System (HMIS) data or other data about homelessness in the community should be assessed to identify additional factors that would help target

resources to those most at risk of homelessness. In the absence of local data, programs should use risk factors described later in this document.

Diversion

Diversion programs attempt to prevent homelessness for people who are applying for shelter. Diversion programs try to help people return to the housing they just left or move in with friends or family using financial incentives or mediation. If that situation cannot be made permanent, then the diversion program will work to immediately locate other housing. Targeting is clearer with diversion programs because people applying for shelter are at high risk. As with prevention programs, diversion programs typically involve one-time financial assistance and the offer of brief case management. When that is not sufficient, then housing location and short-term rental assistance may be necessary.

Rapid Re-housing

Re-housing programs work with people who are already homeless to help them quickly move into rental housing. Rapid Re-housing programs tend to be short-term (1 – 12 months) and involve housing location, financial assistance, and an offer of case management. Short-term rental assistance is provided when necessary. When serving people with significant disabilities or with very limited income capacity, rapid re-housing programs must coordinate with other community resources to ensure that participants are linked to ongoing assistance, such as housing vouchers, intensive case management, or assertive community treatment.

To be most effective, communities should offer all three types of services (prevention, diversion, and re-housing). Having only a diversion or re-housing program will encourage people in crisis to enter the shelter system to get assistance, which could unnecessarily overwhelm the shelter system. Communities lacking a re-housing program will likely result in people staying in shelters longer than necessary, which is costly and results in poor outcomes.

Integrate and coordinate programs whenever possible. For example, the same housing locators and case managers can serve people through the prevention, diversion, or re-housing programs. In some smaller communities, a single program could provide eviction prevention, diversion, and re-housing interventions. In most communities, a single program could provide flexible financial assistance and rental assistance for people in all three types of programs.

A community should also consider other resources available to them to supplement their prevention and re-housing efforts. For example, States are receiving additional funding for Temporary Assistance to Needy Families (TANF) that can be used to provide short-term rent assistance and other help that effectively prevents or ends homelessness. Examples of resources can be found in this document: <http://www.endhomelessness.org/content/article/detail/2179>.

Chronic homelessness— BVI as lead agency in HNM, provides the offices and administration and staff to carry out this program. As lead agency and under the direction of the HIM Steering Board, we are actively participating in and coordinating the HARP activities for our CoC. Local PHAs, government, social services agencies, veteran's groups, and faith based agencies, utility companies were contacted via mail/email/faxes as well as invitation to local meetings where HPRP was described, and HPRP activities, enrollments, etc. were explained. An 800 central intake number was publicized for easy access to HPRP staff.

Homelessness Prevention—Experts estimate that two to three families are on the verge of homelessness for every family in a shelter. This at-risk population is comprised of families and individuals living in poverty who, upon loss of employment or other emergency requiring financial reserves, would lose their housing and become homeless. These families are generally experiencing a housing cost burden, paying more than 30 percent of their income for housing. Clarksville has a substantial number of households with an income of less than \$15,000; 15.8 percent of households, some 7,438 households, are below this figure. This group is considered at risk of becoming homeless. Other persons considered at risk for becoming homeless include victims of domestic violence, persons with HIV/AIDS, youth recently released from foster care, and parolees. To help prevent homelessness and protect at-risk populations, Clarksville will continue to participate in the Middle Tennessee Continuum of Care to provide assistance to persons at risk of becoming homeless.

Effective prevention programs typically assess immediate housing needs, explore housing options and resources, provide flexible financial assistance, and, when appropriate, offer voluntary case management services focused on housing stabilization. Mandating case management usually offers no added benefit. In cases where the current housing situation cannot be stabilized, housing location and short-term rental assistance may be necessary to help find a new housing unit. (Activities—Housing Location, Flexible Financial Assistance, Rental Assistance, and Case Management—are described below).

Prevention assistance must be carefully targeted to have a meaningful impact on homelessness, as most people who have a housing crisis do not become homeless. At a minimum, prevention resources should be targeted to people who have extremely low incomes (below 30 percent of area median income), who have a demonstrated housing crisis (e.g. request to vacate doubled up situation), and who lack protective factors, such as friends or family members who can help them. If possible, Homeless Management Information System (HMIS) data or other data about homelessness in the community should be assessed to identify additional factors that would help target resources to those most at risk of homelessness. In the absence of local data, programs should use risk factors described later in this document.

Discharge Coordination Policy—for each system of care identified below describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance housing programs.

Foster Care (Youth Aging Out):

Foster Care: Foster Care Discharge policy: The Tennessee Foster Care program normally discharges youth at age 18. At the time of discharge the case manager discusses with the youth the various options available. If the youth chooses to leave custody, the case manager is required to provide the youth with referrals for housing and services options. A youth may stay in custody and receive services that include housing in four categories:

1. Volunteer placement in foster care to complete high school or to receive a GED and have part-time employment. The youth may remain in care to age 19 before discharge.
2. Volunteer placement in the Independent Living program to attend and receive a secondary education. The youth will have services, which include housing while earning a vocational degree, Associate degree, or Bachelor's degree.
3. Volunteer placement in the Transitional Living program to prepare the youth for living as an adult. The youth may have services, which include housing assistance to age 23.
4. Volunteer placement with the Mentor/Host Home program to prepare the youth for independent living with assistance from a mentor/host family. This program may include housing assistance or housing with the host family.

Health Care:

The VA/Vanderbilt hospital and TN Valley Medical Center have policies to assist veterans being discharged that include placement in rehabilitation centers, transitional housing, and permanent housing. The housing plan after discharge is a part of the veteran's treatment plan. The case managers and social workers make every effort that individuals/families housing needs are met prior to discharge. Local hospitals such as Maury Regional, Sumner Regional, Gateway Medical, Harton Regional, Crockett General, Perry Community, Horizon Medical, and Williamson Medical, have policies in place that require the facilities case manager/social workers to arrange for persons leaving the centers to have adequate housing at time of discharge. This is done in conjunction with referrals to rehab centers, healthcare transitional housing, PHA, local independent property owners and with family members. ER discharges are referred to local emergency shelters for temporary housing until permanent housing can be attained most noted for victims of DV.

Mental Health:

There is no mental health or psychological hospitals in the CoC area. However, the State Psych Hospital is in one of the neighboring counties. The CoC has representatives involved in the discharge planning. In Tennessee, all state associated mental health treatment centers are required to have a service/treatment plan for every consumer that includes discharge plans. The discharge plan does include provisions for appropriate housing at the time of discharge. Case managers/social workers in the facilities are required to make referrals to local rehabilitation centers, nursing homes, boarding homes, group homes, mental health care provider housing, independent living programs, transitional housing programs or to family placement prior to discharge to assure the consumer has appropriate

housing established prior to discharge. Our continuum has two large mental health centers (Centerstone and Mental Health Co-op) located with easy access to/from services.

Corrections:

The TN State Correctional system has established specific release policies that highly suggested that all individuals leaving custody have a service plan that includes housing that is safe and affordable. The case managers of the facilities alternatively, probation officers assist the individuals with referrals to local halfway houses, local landlords or family members that assure the individuals has housing at time of discharge. Several local jails in the CoC have Criminal Justice Liaison, funding by a state grant that works with inmates with mental illness in assisting with their MH care needs while in custody and at time of discharge including safe affordable housing. There is currently a Transitional Re-Entry program in TN trying to replicate a best practice model to reduce the homelessness numbers at prison exit. CoC will continue to work with the Transitional Re-Entry group to address this issue. The case managers of the facilities or probation officers assist individuals with linkages and referrals to local halfway houses, local property owners, or family members that assure the individual has housing at the time of discharge.

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.

For more information about the Homelessness Prevention and Rapid Re-Housing Program (HPRP), or if you are homeless or about to become homeless and need temporary help with housing, please contact the agency below in the area where you live.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

Priority Community Development Needs

Under HUD regulations, CDBG funds may be used to provide services and facilities that benefit primarily those residents earning up to 80 percent of area median income. CDBG funds may also be used to provide or improve facilities located in areas where the majority of the population (51 percent) earns less than 80 percent AMI.

The City may pursue economic development activities through various approaches to assist businesses and developers to create jobs for low- and moderate-income persons. The City is required to utilize 70 percent of its total CDBG allocation to directly benefit low- and moderate-income persons.

A priority ranking has been assigned to each community development category for purposes of using CDBG and HOME funds. Activities to address high priority needs are expected to be funded during FY 2014-2015. The overall priority community development need for the Action Plan is to foster a suitable living environment for low- and moderate-income households and economic opportunities for low- and moderate-income individuals and local businesses.

Specific Long-Term and Short Term Community Development Objectives

Creating viable high quality neighborhoods is essential to our program. We want our neighborhoods to share a sense of place and take pride in their established and revitalized neighborhoods. Once revitalized low-income areas will no longer be view as a place where you would not want to live, but instead as an attractive area to live, interconnected with the rest of the city's neighborhoods, accessible to parks, greenways, public facilities, and open spaces. Every neighborhood should be a safe healthy place to live.

1) Create a Neighborhood Revitalization Strategy: The city will concentrate its CDBG funds and efforts in the Low Income Census Tracts in an effort to address issues of slum and blighting conditions, abandoned structures, infrastructure needs and economic development. By doing this the city will uses its limited CDBG and HOME funds to inject resources and investment whenever possible into an identified area to work toward the goal of revitalizing the neighborhood and encourage outside investment and renewal into a declining neighborhoods. Using such a strategy, the City would be eligible to apply for Section 108 loan funds to help finance the costs of the neighborhood revitalization activities. The city has hired a consultant to help submit a Choice Neighborhoods Planning Grant for 2014.

2) Infrastructure Improvement Planning:

Annually, the Street Department assesses the need for public facility and infrastructure improvements. Such improvements include, but are not limited to, streets, curbs, gutters, sidewalks, streetlights, sewers, storm drains, traffic signals, electrical distribution systems, off-street parking, landscaped areas, and under-grounding of existing utilities. Improvements to public facilities, including those to provide handicapped access, are also potential capital improvements that may be funded during the year.

Capital improvement activity has been planned for FY 2014-15;

Proposed Accomplishment:	1 public improvement over 5 years
Proposed Funding:	\$100,000.00

3) Provide for needed Community and Supportive Services: The City may use CDBG funding to provide a variety of needed services to low- and moderate-income and special needs persons in the community, up to a total of 15 percent of the allocation. Priority service needs identified in the Consolidated Plan include Domestic Violence prevention, self-sufficiency programs, homeless prevention programs.

Proposed Accomplishment:	300 people
Proposed CDBG Funding:	124,000

4) Support Code enforcement services: During the program year, the Code Enforcement Division will continue to receive and investigate complaints. Some of these complaints will be in areas identified as low and moderate-income areas. Once a complaint is received, it will be confirmed and the violators notified. In addition, the Code Enforcement staff will observe code violations. The program is eligible under Low/Mod Area Benefit. CDBG-funded code enforcement activities will focus on the correction of building code violations.

Goals of the program are:
Remove abandoned houses

Refer potentially eligible housing projects to the OHCD for possible assistance.

Proposed Accomplishment:	Code enforcement \$50,000

Antipoverty Strategy

According to the 2010 U.S. Census, over 16.1 percent of Clarksville residents were living below the poverty level. Among families with children under the age of 18, more than 25.8% percent were living below the poverty level. Female-headed families with children experienced even higher levels of poverty, with 40.6 percent living below the poverty level in 2010.

The challenges associated with poverty, including stress, strained family relationships, substandard housing, lower educational attainment, limited employment skills, unaffordable childcare, and transportation difficulties, make it difficult for low-income families to obtain and maintain employment, and therefore housing and basic needs. The City seeks to reduce the number of people living in poverty (extremely low-income households earning less than 30 percent of the MFI) by continuing to implement its anti-poverty strategy, which includes providing a number of programs, including housing assistance, supportive services, and economic development assistance.

Economic development activities should be initiated through the City's Redevelopment Plan. The plan could improve self-sufficiency among lower- and moderate-income households and therefore reduce the number of people in poverty. The plan left out affordable housing and economic development for low to moderate-income citizens. The city will utilize CDBG funds under section three to hire low-moderate income persons to help reduce the poverty rate.

Several Infrastructure projects may become available through CDBG-DR funding through the State of Tennessee Office of Planning and Economic Development. Drainage, riverbank stabilization, and neighborhood revitalization are high priorities for CDBG-DR funding.

1. Priorities and Specific Objectives

Certain segments of the population may have difficulty finding decent, affordable housing and accessing community facilities and services due to their special needs. These "special needs" populations include the elderly, frail elderly, persons with severe mental illness, persons with developmental or physical disabilities, persons with drug and/or alcohol addiction, and persons with AIDS and their families. The Non-Homeless Special Needs Table in Appendix A includes population estimates for each of these groups.

Clarksville will assist special needs populations through the provision of community services, and improvements to facilities (including ADA improvements). These priorities and specific objectives are outlined in the Specific Housing Objectives Section and the Priority Community Development Needs Section, as well as the Needs and Objectives Tables in Appendix A.

2. Use of Federal, State, and Local Resources

The City utilizes two major funding sources for housing and community development activities: CDBG and HOME funds. The City's goal is to leverage federal, state, and local funds to maximize the number of households that can be assisted. It is expected that Clarksville and a variety of human service and housing agencies will pursue funding from private, local, state, and federal resources to assist with their delivery of services for those with special needs. The resources that can reasonably be expected to be available to assist persons with special needs include federal (CDBG and HOME), state grants, and local public and private sector resources. It is anticipated that these resources will be used to support the provision of housing and services to those in need. More detail on other local and federal funding sources is also provided in the Specific Housing Objectives section.

Affirmatively Further Fair Housing

Two public meetings were held to discuss Action Plan (see public notices and sign in sheets)

Draft Action plan is on the city website www.cityofclarksville.com

In January at the annual Freedom March, a booth was set up in a local gym located in a qualified census tract, and Fair Housing information was passed out to the citizens.

A free book bag give away was held in Lincoln Homes, book bags had Fair Housing logo. Community Development staff set up a tent and provided fair housing information to local residents.

In 2010, The City completed an *Analysis of Impediments to Fair Housing*. The document is available on the City of Clarksville's web site.

Activities that affirmatively further fair housing include:

- Education and outreach to residents, housing providers, lenders, and other community members.
- Participation in training sessions, workshops, and conferences.
- Visible placement of equal opportunity housing logo on Office of Housing and Community Development publications.
- Counseling and referrals as necessary.
- Placing ads on the local news media on fair housing and equality issues and activities.
- Staff support and/or technical assistance to the Human Relations Commission operation and/or funding of programs which promote housing opportunities, such as homeownership education and down payment assistance, housing improvements, and new housing development.
- Projects bid with CDBG funds have the following statement:
The City of Clarksville is an equal Opportunity Employer and does not discriminate based on race, color, national origin, sex, religion, age, or handicapped status in the employment or procurement of services. Woman and minority owned business are encouraged to apply.

Community Development Block Grant Workshop

When: Wednesday, December 18, 2013 at 2:00 p.m.

Where: Office of Housing and Community Development, One Public Square, 2nd Floor Suite 201, Clarksville, TN 37040

CDBG grants are used for a wide range of housing and community development activities directed toward neighborhood revitalization, economic development and improved community facilities and services, and must give "maximum feasible priority" to activities that will benefit low to moderate income persons or aid in the prevention or elimination of slums and blight. Funds may also be used to meet other community development needs that present a serious and immediate threat to the health or welfare of the community. There is an annual application cycle for the Community Development Block Grant Program, with public service applications due in January for funding which becomes available in July. The program makes grants only to non-profit and public agencies, not to individuals. All projects must serve low to moderate income people.

Corporations, associations, agencies or religious organizations with non-profit status under the Internal Revenue Code (Section 501(c) (3)), and government non-profits, i.e., public agencies, commissions or authorities, may apply for CDBG public service funds. All proposed activities must meet eligibility requirements as set forth by the Department of Housing and Urban Development. Because funds are limited, not all organizations that apply will be awarded grants.

CDBG applicants will be required to attend a mandatory technical assistance workshop at the Office of Housing and Community Development, One Public Square, 2nd Floor Suite 201, Clarksville, TN 37040 on Wednesday, December 18, 2013 at 2:00 p.m. The Clarksville Office of Housing and Community Development staff will provide training on the application process. Applications will be distributed at the workshop. No applications will be accepted from agencies that have not attended the technical assistance workshop.

The City expects to award approximately \$90,000 in CDBG Public Service funds in 2014.

For more information on the City's public services request for proposals and other city programs, go online to www.cityofclarksville.com.

Those requiring reasonable accommodations for any type of disability to participate in the workshop may contact the Office of Housing and Community Development at (931)648-6133.

Workforce Housing Affordability – 2008

Housing Affordability for Home Buyers and Renters Selected Occupations in Tennessee and Metropolitan Statistical Areas (MSAs)

In 2008, a renter household in Tennessee needed an annual income of \$25,760 in order for a two-bedroom rental unit at the Fair Market Rent to be affordable. Affordability implies that a household does not pay more than 30 percent of annual income on housing costs. Over \$43,000 in annual earnings would be required for a Tennessee household to purchase an affordable home. In none of the Metropolitan Statistical Areas (MSAs), can a single wage earner wait staff, cashier or retail person household afford to rent or buy a median priced house. Registered nurses were able to afford renting and buying a home in all MSAs and in the state overall, while educators can afford to buy a home just in Clarksville and Jackson MSAs. Police officers were better off than other occupations in terms of finding affordable rental options.

Tennessee Homeownership Rates

Tennessee's homeownership rate of 69.7 percent continues to be above the national rate of 66.9 percent. There is a wide range of homeownership rates within the state. Fourteen counties have homeownership rates at or above 80 percent. The counties with the highest rates are Moore and Williamson (84.6 and 83.2 percent, respectively). Lake and Davidson Counties have the lowest rates in the state with 58.5 percent and 59 percent, respectively. Many suburban counties show higher homeownership rates than the largest metropolitan areas.

ORDINANCE 72-2013-14

AN ORDINANCE AMENDING THE OFFICIAL CODE RELATIVE TO ISSUANCE OF BEER PERMITS FOR BEER MANUFACTURERS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:

That the Official Code of the City of Clarksville, Tennessee, Title 2 (Alcoholic Beverages), Chapter 1 (Beer), Section 2-105 (Classes of Permits) is hereby amended by deleting the current language and substituting therefore the following:

Section 2-1-5. Classes of Permits.

There shall be five (5) classes or kinds of permits issued by the beer permit board as follows:

(1) *Manufacturers.* A manufacturer's permit to a manufacturer of beer, for the manufacture, possession, storage, sale, distribution, and transportation of the product of the manufacturer which product may be consumed upon the premises of the manufacturer to the extent permitted by state law of general application.

(2) *Off-sale.* An "off-sale" permit to any person or legal organization engaged in the sale of beer where it is not to be consumed by the purchaser upon or near the premises of the seller.

(3) *On-sale.* An "on-sale" permit to any person or legal organization engaged in the sale of beer where it is to be consumed by the purchaser or his guests upon the premises of the seller, and provided beer may also be sold in hotel rooms of regularly conducted hotels and in regularly incorporated clubs and lodges upon their obtaining the required permit.

a. Anyone applying for or obtaining an on-sale permit may also sell beer to go so a patron may take beer with him purchased at such place after consuming beer. This will be known as a "joint" permit and shall cost an additional two hundred fifty dollars (\$250.00) at the time the application is made, or at any subsequent time when it is sought to change the type permit.

b. No alcoholic beverage shall be consumed in the parking lot of any establishment possessing an on-sale permit, except that, with prior approval of the City's Chief of Police or his / her designee and the Beer Permit Board, for special events no longer than three consecutive calendar days, permittees may allow consumption of alcoholic beverages sold by

the permittee within an area that is roped off or otherwise separated by a continuous fence or other type of barrier from the remaining portion of their parking lot, both ends of which terminate at the permittee's building, deck, porch, patio, or other such attached structure, and provided further, that such permittee provides for an adequate number of private security personnel, which may be employees of the permittee, identified by their clothing as security, to patrol the premises to prevent unlawful use or possession of alcoholic beverages and to enhance public safety.

(4) *Special events permit.* A "special events" permit is required to be issued to any nonprofit organization engaged in the sale of such beverages where they are to be consumed by the purchaser or his guests upon the premises of the seller. The special events permit will be issued for the fee of fifty dollars (\$50.00), after approval by the Clarksville police department and the Clarksville beer board. Prior notification must be made in writing ten (10) days prior to the event with the organization holding the event and location where the event is to be held. Each permit will be issued for a specific date and a specific period of time. The specific period of time will not contradict any existing state or city ordinances. Nonprofit organizations may receive no more than four (4) special events permits during a calendar year.

(5) *Caterer Permit.* A "caterer" permit to any person or legal organization conducting a food and beverage catering business who or which has been previously issued a Liquor by the Drink Certificate from the Tennessee Alcoholic Beverage Commission. The Liquor by the Drink Certificate must be current and not expired or revoked at the time of application for the caterer permit. The caterer permit will be issued for the fee of two hundred and fifty dollars (\$250.00), after approval by the Clarksville Police Department and the Clarksville Beer Board.

RESOLUTION 36-2013-14

A RESOLUTION AUTHORIZING A MEMORANDUM OF UNDERSTANDING BETWEEN
THE CLARKSVILLE POLICE DEPARTMENT AND THE UNITED STATES SECRET
SERVICE

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CLARKSVILLE, TENNESSEE:

That the Clarksville City Council hereby authorizes a Memorandum of Understanding between
the Clarksville Police Department and the United States Secret Service, attached hereto as
Exhibit A.

ADOPTED:

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE CLARKSVILLE POLICE DEPARTMENT
AND
THE UNITED STATES SECRET SERVICE**

The Clarksville Police Department and the U.S. Secret Service enter into this memorandum of understanding (MOU), which becomes effective with the signatures of both parties and remains in effect until terminated by the mutual agreement of the Clarksville Police Department and the U.S. Secret Service or upon 30 day written notice by either party to this agreement.

I. AUTHORITY

This MOU is established pursuant to provisions of the Treasury Forfeiture Fund Act of 1992, 31 USC 9703, as amended. This act established the Department of the Treasury Forfeiture Fund and authorized the payment of certain overtime expenditures, travel, fuel, training, equipment and other similar costs of State and Local law enforcement officers, that are involved in joint operations, with a Department of the Treasury law enforcement organization, as prescribed in 31 USC 9703 (a)(1)(I)(hereinafter "overtime costs and other expenses").

II. PURPOSE

This MOU establishes the procedures and responsibilities of both the Clarksville Police Department and the U.S. Secret Service for the reimbursement of certain overtime costs and other expenses pursuant to 31 USC 9703.

III. CONDITIONS AND PROCEDURES

The parties agree to the following conditions:

- (a) The Clarksville Police Department may request reimbursement of payment of overtime costs and other expenses directly related to work performed by its officer(s) assigned to assist the U.S. Secret Service's Nashville District Electronic Fraud Task Force in conducting official investigations. The Clarksville Police Department will submit all requests for reimbursement payments, together with appropriate documentation, to the U.S. Secret Service's Task Force supervisor. Request for reimbursement will be based solely upon overtime worked and other expenses performed on behalf of the U.S. Secret Service Nashville District Electronic Fraud Task Force.
- (b) All reimbursement hours of overtime costs and all other expenses covered under this MOU must be approved and certified by the U.S. Secret Service Task Force supervisor. The reimbursable overtime payments will be based upon the actual

hourly overtime rate, exclusive of matching employer contributions for any taxes or benefits.

- (c) The U.S. Secret Service Task Force supervisor will forward all approved reimbursement requests through the Special Agent in Charge (SAIC) Asset Forfeiture Division, Office of Investigations, to the Treasury Forfeiture Fund's payment agent, U.S. Customs National Finance Center (NFC).
- (d) During the period of assignment to the Nashville District Electronic Fraud Task Force, the Clarksville Police Department will remain responsible for establishing the salary and benefits, including overtime of the officer(s) assigned to the Task Force and making all payments due them. Reimbursement under this MOU is contingent upon the availability of mandatory funds allocated to the U.S. Secret Service through the Department of the Treasury Forfeiture fund.
- (e) The Clarksville Police Department shall permit and have readily available for examination and auditing by the U.S. Secret Service, the Department of Treasury, the Comptroller of the United States, and any of their duly authorized agents and representatives, any and all records, documents, accounts, invoices, receipts or expenditures relating to this agreement. They shall maintain all such records and reports until all audits and examinations are completed and resolved, or for a period of three (3) years, which ever is sooner.
- (f) Payments may be made to the extent they are included in the U.S. Secret Service Fiscal Year Plan and the monies are available within the Department of Treasury Forfeiture Fund to satisfy the request(s) for reimbursable expenses. It should also be understood that the total amount(s) made available to the U.S. Secret Service through the Department of the Treasury Forfeiture Fund, for reimbursement to the Clarksville Police Department, could change at any time.
- (g) Pursuant to the Treasury Executive Office for Asset Forfeiture (TEOAF) directive number 18, the maximum reimbursement entitlement for overtime costs to any one law enforcement official cannot exceed fifteen-thousand (\$15,000.00) dollars during the fiscal year.
- (h) This document does not obligate funds. Funding authority will be provided through other documents.

- (i) The Clarksville Police Department shall provide the U.S. Secret Service within 10 days of the signing of this MOU, with their agency's mailing address, contact name, telephone number and tax identification number. Further, this agency must provide the name, account number and ABA routing number of the financial institution where the Clarksville Police Department wants the Electronic Funds transfer (EFT) payment deposited for the reimbursement of overtime salary costs. Failure to provide this information within the prescribed period of time will nullify this MOU agreement.

IV. REVISIONS

The terms of this MOU may be amended upon the written approval of both the Clarksville Police Department and the U.S. Secret Service. Such amendment is effective upon the date of approval.

MUTUAL AID INTERLOCAL CONTRACT BETWEEN CLARKSVILLE FIRE RESCUE AND MONTGOMERY COUNTY VOLUNTEER FIRE SERVICE

THIS CONTRACT entered this ____ day of _____, by and among the Clarksville Fire Rescue and Montgomery County Volunteer Fire Service.

WITNESSETH:

WHEREAS, section 12-9-108, Tennessee Code Annotated, authorizes public agencies in this state to enter into interlocal contracts: and
WHEREAS, the parties hereto desire to avail themselves of the authority conferred by this law; and
WHEREAS, the purpose of this contract is to provide each of the parties through their mutual cooperation, a predetermined plan by which each might render aid to the other in case of emergency which demands apparatus, equipment and personnel services to a degree beyond the existing capabilities of either party; and
WHEREAS, it is deemed in the public interest for the parties hereto to enter into a contract for mutual assistance in emergencies to provide reserves needed to assure each party of adequate protection;

NOW, THEREFORE, in consideration of the mutual covenants contained, herein, the parties hereby agree as follows:

1. The parties will respond to calls for mutual aid assistance only upon request for such assistance made by the senior fire officer or Chief's designee on duty of the fire department of the respective agency. All requests for emergency mutual aid assistance shall be made only to the fire chief or his designee.
2. Upon request for aid received as provided for in paragraph (1), the senior fire officer or the Chief's designee of the responding party will authorize the requested resources if available.
 - (A) Each party's response will be determined by the severity of the emergency in the requesting party's jurisdiction as determined by the senior fire officer or the Chief's designee of the responding party after discussion with the senior fire officer or Chief's designee of the requesting party.
 - (B) If there is also an emergency in the jurisdiction of the responding party at the time a request is made, or one occurs in the course of responding to a request under this contract, and the senior fire officer or Chief's designee of the responding may choose to use all equipment and personnel in his own jurisdiction. In such case, the senior fire officer or Chief's designee of the responding party shall inform the senior fire officer or Chief's designee of the requesting party of his decision.

3. It shall be the responsibility of the responding party to see that all personnel responding to the request for assistance are responsible persons, and the conduct and actions of said personnel shall be the responsibility of the party sending assistance.
4. When fire personnel are sent to another jurisdiction pursuant to this contract, the jurisdiction, authority, rights, privileges, and immunities, including coverage under the Worker's Compensation Laws, which they have in the sending fire department, shall be extended to and include the area in which like benefits and authorities are or could be afforded to fire personnel of the requesting fire department and shall be extended to any geographic area necessary as a result of the request when said personnel are acting within the scope within of the authority conferred by this contract.
5. The party who requests mutual aid shall in no way be deemed liable or responsible for the personal property of the members of the fire department of the responding party which may be lost, stolen or damaged while performing their duties in responding under the terms of this contract.
6. The party responding shall assume all liability and responsibility for damage to its own apparatus and/or equipment. The party responding shall also assume all liability and/or responsibility for damage caused by its own apparatus and/or negligence of its personnel while enroute to or returning from a specific location.
7. The party responding under the terms of this contract shall assume no responsibility or liability for property damaged at the scene of an emergency; said liability and responsibility shall rest solely with the party requesting such aid and within whose boundaries the property exists or the incident occurs.
8. No compensation will be paid by the parties under this contract for mutual aid emergency assistance rendered.
9. The respective parties agree that no claim for compensation will be made by either against the other for loss, damage, or personal injury occurring in consequence of mutual aid emergency assistance rendered under this contract, and all such rights or claims are hereby expressly waived.
10. The Chief fire officer or Chief's designee in whose jurisdiction the emergency exists, and who places the request for assistance, shall in all instances be in command of the emergency as to strategy, tactics, and overall direction of the operations. All orders or directions regarding the operations of the responding party shall be relayed to the Chief fire officer or Chief's designee in command of the responding party.
11. This contract shall continue from year to year from date of execution, unless notice of termination is given by either of the parties hereto at least sixty days in advance. No further obligations or liabilities shall be imposed after such termination.

12. This contract shall be valid only when it is executed by the City and County Mayors of the respective political jurisdictions pursuant to the ordinance/resolution of each jurisdiction authorizing the City and County Mayors to execute it.

IN WITNESS WHEREOF, the parties hereto have executed this contract as of the day and year written above.
