Re: Resolution 39-2013-14 – Changing of Zoning Ordinance to Reduce the Distance
Homeless Shelters must be from Residential Areas from 1,000 feet to 500 feet

To Whom It May Concern:

I have been recently made aware of the proposed change in the zoning ordinance to allow homeless shelters within 500 feet of residential areas instead of 1,000 feet. It is my understanding that this change is being made to accommodate Manna Café's application to open a homeless shelter on Frosty Morn Drive.

My husband, Warren Keese, owned two parcels of property which are directly affected by this proposed change. Upon his death, I have inherited ownership of these parcels of property. The parcels are located at 1137 and 1139 Red River Street and 106 Stacker Drive.

Attached is an aerial photograph showing my two parcels in red that was prepared on my behalf based on information available from the Montgomery County GIS Service. Based upon this information, my two presently owned parcels are protected by the 1,000 foot distance requirement. However, if this distance is changed to 500 feet, my property will no longer be protected.

I oppose this zoning change because the proposed change will adversely affect my residential property located in this neighborhood. I am also concerned why I and other property owners in this neighborhood did not receive notice of the proposed change that will adversely affect our property.

Sincerely,

Betty Keese

Re: Resolution 39-2013-14 – Changing of Zoning Ordinance to Reduce the Distance

To Whom It May Concern:

I have been recently made aware of the proposed change in the zoning ordinance to allow homeless shelters within 500 feet of residential areas instead of 1,000 feet. It is my understanding that this change is being made to accommodate Manna Café's application to open a homeless shelter on Frosty Morn Drive.

I own several parcels of property in the area of the proposed homeless shelter on Frosty Morn Drive.

Attached is an aerial photograph showing several of my parcels that I own in red that was prepared on my behalf based on information available from the Montgomery County GIS Service. Based upon this information, at least one parcel of property I own at 707 9th Street, is protected by the present 1,000 foot distance requirement. However, if this distance is changed to 500 feet, my property will no longer be protected.

Furthermore, it is my opinion that the other residential property I own in the area will be adversely affected. I oppose this zoning change because the proposed change will adversely affect my residential property located in this neighborhood. I am also concerned why I and other property owners in this neighborhood did not receive notice of the proposed change that will adversely affect our property.

Sincerely,

Billy Lyle *Billy M. Lyle*

PETITION IN OPPOSITION TO RESOLUTION 39-2013-14 –
CHANGING OF ZONING ORDINANCE TO REDUCE THE DISTANCE
HOMELESS SHELTERS MUST BE FROM RESIDENTIAL AREAS FROM
1,000 FEET TO 500 FEET

I have just been informed that there is a proposed homeless shelter to be placed on Frosty Morn Drive. I understand that presently there is a requirement that homeless shelters be 1,000 feet from any property that can be used for residential purposes. I have been advised that the City Council is considering changing this distance requirement to 500 feet and if this occurs, the place where I now live will be affected.

I oppose this zoning change because the proposed change will adversely affect the property where I live. I am also concerned why I and other people who live in this neighborhood did not receive notice of this proposed change.

RESOLUTION 4-2014-15

A RESOLUTION ADOPTING THE FIRST PLAN OF SERVICES PROGRESS REPORT FOR ANNEXED TERRITORY EAST OF RED RIVER, SOUTH OF PASSENGER CREEK AND NORTH AND EAST OF DEERTRAIL SUBDIVISION; REQUEST OF D. W. HOWARD

WHEREAS, the Clarksville City Council has determined it to be necessary for the welfare of the residents and property owners, and of the city as a whole, to annex territory east of Red River, south of Passenger Creek and North and East of Deertrail Subdivision; and

WHEREAS, annexation of said territory was approved by the adoption of ORDINANCE 11-2013-14 on second and final reading on October 3, 2013 with the operative date of said annexation designated as November 2, 2013 and

WHEREAS, by of adoption of RESOLUTION 11-2013-14, the Clarksville City Council approved the Plan of Services for said territory on September 5, 2013; and

WHEREAS, all Plan of service requirements for the following areas have been met and were completed within the first six months of annexation: Police, Fire, Water, Sewer, Solid Waste Disposal, Streets, Electrical Services, Inspection Services, Planning and Zoning, Street Lighting, and Transit. Progress toward other elements of the Plan of Service are as noted below.

Parks and Recreation:

The main portion of the Howard property was purchased in late 2013 and remains slated for a Blueway access, soft surface trails, entrance road and parking areas. Due to the uncertainty of the timing of the final donation of the 6.46 acres, funding for design, engineering and site preparation/development for road access, Blueway access, etc. was not included in the FY 14-15 City of Clarksville Budget.

The Department of Parks and Recreation will seek opportunities to develop conceptual plans during FY14-15, host a public input workshop with nearby residents, identify and develop trail plans with Tennessee Trails Association – Clarksville Chapter, research potential grant and/or sponsorship opportunities and pursue funding for development in FY 15-16.
